Start of community reviews

CHMP meeting of 22-25 June 2015

Table 1. Start of arbitration procedure

Name	INN	Type of procedure	Scope
Clenil and associated names	Beclometasone dipropionate	Article 30 of Directive 2001/83/EC	The Committee started a harmonisation exercise for Clenil and associated names. The review was triggered by Italy, due to the need for harmonisation of the Summary of Product Characteristics across Member States for nebuliser suspension products containing beclometasone.
