DADI eAF Training Webinar Agenda

2 September 2022, 11:00 – 12:30 Central European Time (CET)

Webinar: WebEx

The Digital Application Dataset Integration (DADI) Network project will replace PDF electronic application forms (eAF) used for regulatory submissions with web-forms in a new dedicated portal, making the future form-filling and submission-handling process more efficient.

The variations form for Human medicinal products will be the first form to be released by DADI in October 2022.

This event is a training webinar for industry and national competent authorities' stakeholders wishing to learn more about access management aspects related to the new dedicated portal and the procedure to fill in a web-based eAF at go-live.

A video recording will be made available after the event.
