Awareness session for SMEs on the reform of the EU pharmaceutical legislation

24 November 2023, 10:00 – 12:00 hrs

Virtual meeting / EMA, Amsterdam

The European Commission released on 26 April 2023 proposals for revising the EU pharmaceutical legislation¹.

The EMA's SME office is organising in collaboration with the European Commission a webinar which aims to raise awareness of key elements of the proposals of relevance to small and medium-sized enterprises (SMEs).

This event is targeted at SMEs. The webinar will be broadcast live. The presentation and the recording will be published after the event.
