Draft agenda - Collaboration on neonatal issues between researchers and the EMA

17 March 2015, room 2D

Co-Chairs: Mark Turner, Ralph Bax

The aim of the meeting is to develop ways to work together that optimise the design and conduct of neonatal medicines research in Europe.

During this meeting we will:

1. Share perspectives about the current state of neonatal medicines research in Europe
2. Review "hot topics" and prioritise them
3. Develop an action plan for 2015

Time	Preliminary draft agenda	Mins
10:30	Registration	
10:50	Introduction	10
11:00	Parents' perspective	20
11:20	EMA/PDCO approach to Neonatology: problems and opportunities	20
11:40	Global initiatives to foster neonatal medicines research	20
12:00	Pulmonary Hypertension	30
12:30	Lunch	45
13:15	US perspective, via TC	15
13:30	Bronchopulmonary Dysplasia (BPD)	30
14:00	Retinopathy of prematurity (ROP)	30
14:30	Invasive Fungal Infection	30
15:00	Coffee	30

Time	Preliminary draft agenda	Mins
15:30	Collaboration on revision of neonatal guidelines	15
15:45	Strategies to support neonatal development in Europe in view of different stakeholders including industry including network development	45
16:00	Prioritise topics/Action Points	
16:45	Conclusion parent's perspective	15
17:00	End of meeting
