

14 December 2022

Human Variations eAF Form training session

15 December 2022, 10:00 – 11:30 Central European Time (CET)

Webinar: WebEx

The web-based electronic application forms (eAF) will replace PDF eAFs used for regulatory submissions in the new dedicated PLM portal, making the form-filling and submission-handling process more efficient.

The web-based variations form for Human medicinal centrally authorised products (CAPs) will be released on 4 November 2022.

This event is a training webinar for industry and national competent authorities' stakeholders wishing to learn more about the use of the new PLM portal and web forms features after the go-live.

You can register to the training [here](#).

A video recording will be made available after the event.
