## Agenda: Webinar on submission of Manufacturers, Manufacturing Business Operations (MBOs) and structured pack size data to Product Management Service (PMS)

25 November 2024, 10:00 – 11:30 (CET)

Webinar: WebEx meeting

Chairs:

- Marcos Fernández Gómez (*Product Owner for PMS, EMA*)
- Veronica Lipucci Di Paola (*Product Owner for PMS, EMA*)

Following this year's release of read-only data for centrally authorised products (CAPs) and non-centrally authorised products (non-CAPs), available through the Product Management Service (PMS) via both the Product User Interface (PUI) and the Application Programming Interface (API), EMA is preparing for the next phase.

In view of the upcoming release of write access via the PMS PUI for non-CAPs, EMA is organising a public webinar to explain how manufacturers and manufacturing business operations should be submitted to the PMS PUI to support the European Shortages Monitoring Platform (ESMP), providing an overview of the entire process.

The registration form is available at the following [link](#).

Registration is open until the start of the meeting.
