

Agenda: Updates to industry contact management for authorisation products (IRIS)

11 June 2026, 11:00 – 12:15 (CEST)

Webinar: WebEx meeting

The European Medicines Agency is streamlining how industry contact management for centrally authorised and pre-submission products is handled.

Join this webinar to learn about upcoming changes to the **IRIS Industry Portal**, enabling a more streamlined, fully portal-managed approach.

What is changing?

- **Self-service product contact management**
Product contact management will move to a self-service model, allowing IRIS Industry Coordinators to update information directly via IRIS portal.
- **Improved transparency and traceability**
All product contacts will be visible via IRIS portal and any updates/changes automatically sent to EMA, providing full auditability and a complete history of changes.

There is a question and answers session at the end of the webinar.

The **registration form** is available [here](#). Registration is open until the start of the meeting.

#	Item	Duration	Speaker
1.	Welcome & opening	11:00 – 11:05 <i>5 min</i>	Simona Griniene <i>Subject Matter Expert for Regulatory Procedure Management, EMA</i>
