## Start of community reviews

CHMP meeting of 12-15 November 2018

**Table 1. Start of arbitration procedure**

Name	INN	Type of procedure	Scope
Basiron AC and associated names	Benzoyl peroxide, hydrous	Article 13 of Commission Regulation (EC) No 1234/2008	A referral procedure was initiated for Basiron AC and associated names, 5% and 10% gel. The procedure was initiated because of disagreements between member states on a work-sharing quality type II variation regarding the reformulation of the gelling agent Carbomer 940 with Simulgel 600.
