CHMP meeting of 20-23 February 2017

Table 1. Start of arbitration procedure

| Name | INN | Type of procedure | Scope |
|------------------------------------|-------------|---|---|
| Cardioxane and associated names | Dexrazoxane | Article 13 of Commission Regulation (EC) No 1234/2008 | Procedure triggered by France. The procedure was initiated because of disagreements between member states on a Type II variation for Cardioxane and associated names regarding the lifting of the contraindication for a subset of anthracycline treated children. |
