### 1. Introduction

The purpose of this document is to describe the high-level & end-to-end process for the committee management, ensuring a consistent approach for establishing a committee and performing essential activities for its function. In this document, 'committee' covers also the two coordination groups for human and veterinary medicines established under the auspices of the Heads of Medicines Agencies.

This process is part of the Human Medicines Division's process map (image below) which provides a high-level overview of the 19 process clusters within the operating model of the Human Medicines Division.
