Total	New (non-orphan) medicines	Orphan medicines**
82	40	17
Biosimilars	Medicine for paediatric use	Generic, hybrid and informed-consent applications
3	1	21

Trends

Year	New (non-orphan) medicines	Orphan medicines	Biosimilars	Generic, hybrid, informed-consent, PUMA applications	Withdrawals prior to opinion	Negative opinions
2010	20	4	1	26	12	2
2011	38	4	0	45	13	4
2012	30	8	0	19	10	8
2013	46	11	4	20	8	5
2014	40	17**	3	22	6***	3

* These figures include one positive opinion that was adopted following a re-examination procedure.

** This figure includes three medicines for which the CHMP recommended conditional approval but whose applications were withdrawn by the sponsor prior to a final decision by the European Commission.

***In February 2015, the figure seven was replaced by six as one application withdrawn after CHMP opinion was included in this category in error.
