

EU Regulatory Network

Challenges and Opportunities for Croatia

5th Anniversary of the ALMP

It is a great pleasure to announce, in collaboration with the Croatian Agency for Medicinal Products and Medicinal Devices (ALMP), the conference "**EU Regulatory Network - Challenges and Opportunities for Croatia**", to be held in Rijeka, Croatia, on 13-14 November 2008.

The conference is funded by the European Union's Transition Instrument for Pre-accession Assistance Programme, supporting candidate country pre-accession activities, and by the ALMP, under the auspices of the Croatian Authorities.

Main objectives of the conference:

- To exchange views and establish dialogue with interested parties
- To give an overview of EU legislation on the regulation of medicinal products
- To provide feedback on experience of applying the *acquis communautaire* (the body of EU law) and related legal aspects
- To explain the role of guidelines
- To identify differences between existing Croatian and EU legislation
