European Medicines Agency

## Highlights from the 11<sup>th</sup> meeting of the Nitrosamine Implementation Oversight Group (NIOG)

- NIOG was updated on the progress of the relevant topics in the work programme.
- NIOG discussed the new Carcinogenic Potency Carcinogenic Approach and Enhanced Ames Test approaches that were published in Q&A on nitrosamines in human medicines.
- NIOG discussed the practical elements on the implementation of the newly developed approaches, such as future notification framework and LTL applicability
