In 2027, the NRG will hold five plenary meetings and review a maximum of 85 new [invented names](#) per meeting. Requests for review will be accepted on a 'first come, first served' basis until the maximum capacity for the relevant meeting has been reached. However, priority may be given to requests that warrant expedited review due to their urgency. The limit of 85 names per meeting does not apply to 'INN + company' names, justifications, re-use applications or reconfirmation requests.

Where the review of a request cannot be accommodated within the intended meeting and must be deferred, the NRG secretariat will notify the applicant within two weeks of the published submission deadline.
