Network ICT Advisory Committee (NICTAC)

Membership

- NCA representatives (4)

- EC/DG Digit representative (1)

- Head of EMA I-Division (1)

- Head of I-Division CIO Office (1)

- EMA I-Division Enterprise architect (1)

- EMA Head of Information security (1)

- Head of EMA I-Division Strategic Platforms Department (I-SP) (1)

Meetings

NICTAC has standing meetings and can attend Portfolio ceremonies (quarterly portfolio sync, quarterly strategic portfolio review, system demo, programme increment planning).

Role of the Advisory Committee

NICTAC serves as advisory body that provides:
- Input on technology needs, priorities, and policies from NCA and/or Industry
- Advice on technology implementation choices across the Network
- Input on interoperability requirements across the Network
- Input and advice on data standards, data model design and implementation
- Advice on dependencies (system and resource) across Network initiatives
