CHMP meeting 19-22 September 2011

The main topics addressed during the September 2011 CHMP meeting related to:

- The appointment of Prof Michel Toungouz Névéssignsky as the new Belgian Alternate replacing Prof Jean-Francois Baurain.
- The endorsement of Prof Niccolo Marchionni as Chair and Dr Michael J. Theodorakis as a new core member of the Geriatric Expert Group.
- The adoption of revised Assessment Report Templates. The templates will be published on the Agency's website shortly.
- The adoption of a Mandate, Workplan and 3Rs (replacement, reduction and refinement) Statement for a joint CVMP/CHMP Ad-hoc expert group on the application of the 3Rs in the development of medicinal products. This expert group is established to improve and foster the application of 3Rs with a purpose to provide advice and recommendations to the Committees on all matters relating to the use of animals in regulatory testing of medicinal products. More information is available on the Agency's [website](#).
- The adoption of a proposal for updated mandate and composition of the multidisciplinary CHMP Drafting Group on Nanomedicines. More information will be available on the Agency's website shortly.
- The report on the implementation of the EMA/CHMP Think-Tank recommendations. This document reviews the Think-Tank group's recommendations implementation by the Agency in 2008-2010 to encourage and support innovative medicines development and availability in Europe. The report will be available on the Agency's website shortly.
