(*) Annual re-assessment applications should be submitted as close as possible to the anniversary date of the Commission Decision granting the marketing authorisation. Flexibility in the submission date could, however, be envisaged in order to synchronise the annual re-assessment submission with the submission of data from the Specific Obligations. Annual re-assessment application submissions could be adjusted within a maximum of +/- 2 months in such cases.

The Agency strongly recommends submitting the application before the published submission deadline. This is to avoid missing the target start date as a result of a technically invalid eCTD submission, in which case the submission is considered void and needs to be re-despatched.

(^) The validation period between submission date and start date is usually sixteen calendar days.

(**) Comments from PRAC and CHMP members are not made available to Marketing Authorisation Holders.

(***) An updated AR is optional and dependent on the comments received from committee (PRAC, CHMP) members which create the need for the update.

(¹) This timetable is only applicable when minor issues remain.

(*) The Agency strongly recommends submitting the application before the published submission deadline. This is to avoid missing the target start date as a result of a technically invalid eCTD submission, in which case the submission is considered void and it needs to be re-despatched.

(**) Comments from CHMP members are not made available to Marketing Authorisation Holders.

(***) An updated AR is optional and dependent on the comments received from CHMP members which create the need for the update.
