(*) The period between PSUR/PSUSA cut-off date and start date is fifteen calendar days (corresponding to at least ten EMA working days) for PSUR single assessment (PSUSA) procedures containing nationally authorised medicinal products. This is so as to allow Marketing Authorisation Holders (MAHs) resolution of any technical issues ahead of the foreseen procedure start. The cut-off date does not apply for all other PSUR procedures; these will start at the next available starting date following their submission date as defined by the EURD List.

The Agency strongly recommends submitting the application before the legally binding submission deadline as stated in the List of Union reference dates (EURD list). This is to avoid missing the target start date as a result of a technically invalid eCTD submission, in which case the submission is considered void and it needs to be re-despatched.

(**) Comments from PRAC, CHMP or CMDh members are not made available to Marketing Authorisation Holders (MAHs).

(***) An updated AR is optional and dependent on the comments received from the MAH and PRAC members which create the need for the update.
