(-) This timetable applies to variations assessed exclusively by the CHMP. It is the default timetable for variations which do not lead to an immediate EC Decision, i.e. variations for addition of/changes to indications, for new contraindications, for changes in posology or variations with a DHPC. It also applies to variations which do not require or are not expected to require a discussion during the CHMP plenary meeting.

(*) The Agency strongly recommends submitting the application before the published submission deadline. This is to avoid missing the target start date as a result of a technically invalid eCTD submission, in which case the submission is considered void and it needs to be re-despatched.

(-) Comments from CHMP members are not made available to Applicants.

(#) An updated AR is optional and dependent on the comments received from CHMP members which create the need for the update.

(**) Adoption of the outcome (Opinion or RSI) via written procedure is necessary when the adoption occurs outside of the CHMP plenary meeting.

30-day initial submission assessment timetable⁷

(~) This timetable applies to variations assessed exclusively by the CHMP. It is only intended for worksharing of type IB variations.

(*) The Agency strongly recommends submitting the application before the published submission deadline. This is to avoid missing the target start date as a result of a technically invalid eCTD submission, in which case the submission is considered void and it needs to be re-despatched.

(-) Comments from CHMP members are not made available to Applicants.

(#) An updated AR is optional and dependent on the comments received from CHMP members which create the need for the update.

(**) Adoption of the outcome (Opinion or RSI) via written procedure is necessary when the adoption occurs outside of the CHMP plenary meeting.

60-day responses to RSI assessment timetable⁷

(-) The timeframe for assessment of responses depends on the complexity and amount of data provided by the Marketing Authorisation Holder.

(*) The Agency strongly recommends submitting the application before the published submission deadline. This is to avoid missing the target start date as a result of a technically invalid eCTD submission, in which case the submission is considered void and it needs to be re-despatched.

(-) Comments from CHMP members are not made available to Applicants.

(#) An updated AR is optional and dependent on the comments received from CHMP members which create the need for the update.

(**) Adoption of the outcome (Opinion or RSI) via written procedure is necessary when the adoption occurs outside of the CHMP plenary meeting.

30-day responses to RSI assessment timetable⁷

(~) This timetable applies to variations assessed exclusively by the CHMP.

(*) The Agency strongly recommends submitting the application before the published submission deadline. This is to avoid missing the target start date as a result of a technically invalid eCTD submission, in which case the submission is considered void and it needs to be re-despatched.

(-) Comments from CHMP members are not made available to Applicants.

(#) An updated AR is optional and dependent on the comments received from CHMP members which create the need for the update.

(**) Adoption of the outcome (Opinion or RSI) via written procedure is necessary when the adoption occurs outside of the CHMP plenary meeting.
