\* Reports will be placed into the “Output from EMA” section of the application in IRIS. No documents will be sent by email. While CVMP will endeavour to provide the report in the time period stated in the above table, in rare cases it might be necessary to introduce a clock-stop (e.g. to ask for and examine additional data, consult European Commission, consult additional experts, etc.). This would then delay the date of report availability. In such a case the secretariat would inform the applicant as soon as possible.

\*\* As there are no SAWP-V or CVMP meetings in August, the procedure will be deferred to the next available (i.e. September) meeting.
