Subject: withdrawal of Zolvix 25 mg/ml oral solution for sheep application for extension to goats

Dear Dr Ioannou

I would like to inform you that at this point in time, Novartis Animal Health has decided to withdraw the above mentioned application concerning the line extension of Zolvix 25 mg/ml Oral Solution for sheep to goats.

This decision is due to the CVMP not supporting all the indications proposed and for which the applicant believes to have provided sufficient data and argumentation.

Yours sincerely
