Dear Sirs,

I refer to your letter dated 6 August 2015, setting out a working arrangement between the European Commission's Directorate General Health and Food Safety (DG SANTE) and the European Medicines Agency (EMA) on the one side, and the World Health Organization (WHO) on the other side. This working arrangement is aimed at enabling the exchange of specific scientific and technical information and documents related to the safety, quality, efficacy and post-authorization follow-up of medicinal/pharmaceutical products for human use.

I am pleased to confirm that your letter together with this reply will constitute the working arrangement between our respective organizations regarding the exchange of information and documents as aforesaid.

WHO welcomes this cooperation with DG SANTE and the EMA, which will further strengthen and reinforce global public health protection.

Yours sincerely,

Dr Marie-Paule Kieny
