European Medicines Agency decision

P/0011/2015

of 30 January 2015

on the acceptance of a modification of an agreed paediatric investigation plan for secukinumab (EMA-000380-PIP01-08-M02) in accordance with Regulation (EC) No 1901/2006 of the European Parliament and of the Council

The European Medicines Agency,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1901/2006 of the European Parliament and of the Council of 12 December 2006 on medicinal products for paediatric use and amending Regulation (EEC) No. 1768/92, Directive 2001/20/EC, Directive 2001/83/EC and Regulation (EC) No 726/2004¹,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Community procedures for the authorisation and supervision of medicinal products for human and veterinary use and establishing a European Medicines Agency²,

Having regard to the European Medicines Agency's decision P/154/2009 issued on 11 August 2009, and the decision P/0144/2014 issued on 13 June 2014,

Having regard to the application submitted by Novartis Europharm Ltd on 22 September 2014 under Article 22 of Regulation (EC) No 1901/2006 proposing changes to the agreed paediatric investigation plan with a deferral and a waiver,

Having regard to the opinion of the Paediatric Committee of the European Medicines Agency, issued on 12 December 2014, in accordance with Article 22 of Regulation (EC) No 1901/2006,

Having regard to Article 25 of Regulation (EC) No 1901/2006,

Whereas:

- (1) The Paediatric Committee of the European Medicines Agency has given an opinion on the acceptance of changes to the agreed paediatric investigation plan.
- (2) It is therefore appropriate to adopt a decision on the acceptance of changes to the agreed paediatric investigation plan.

¹ OJ L 378, 27.12.2006, p.1.

² OJ L 136, 30.4.2004, p. 1.

Has adopted this decision:

Article 1

Changes to the agreed paediatric investigation plan for secukinumab, powder for solution for injection, solution for injection, subcutaneous use, are hereby accepted in the scope set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices.

Article 2

This decision is addressed to Novartis Europharm Ltd, Frimley Business Park, GU16 7SR - Camberley, United Kingdom.

EMA/PDCO/601343/2014

Opinion of the Paediatric Committee on the acceptance of a modification of an agreed Paediatric Investigation Plan

EMA-000380-PIP01-08-M02

Scope of the application

Active substance(s):

Secukinumab

Condition(s):

Treatment of psoriasis

Pharmaceutical form(s):

Powder for solution for injection

Solution for injection

Route(s) of administration:

Subcutaneous use

Name / corporate name of the PIP applicant:

Novartis Europharm Ltd

Basis for opinion

Pursuant to Article 22 of Regulation (EC) No 1901/2006 as amended, Novartis Europharm Ltd submitted to the European Medicines Agency on 22 September 2014 an application for modification of the agreed paediatric investigation plan with a deferral and a waiver as set out in the European Medicines Agency's decision P/154/2009 issued on 11 August 2009, and the decision P/0144/2014 issued on 13 June 2014.

The application for modification proposed changes to the agreed paediatric investigation plan.

The procedure started on 14 October 2014.

Scope of the modification

Some measures and timelines of the Paediatric Investigation Plan were modified.

Opinion

1. The Paediatric Committee, having assessed the application in accordance with Article 22 of Regulation (EC) No 1901/2006 as amended, recommends as set out in the appended summary report:
 - to agree to changes to the paediatric investigation plan in the scope set out in the Annex I of this opinion.

The Icelandic and the Norwegian Paediatric Committee members agree with the above-mentioned recommendation of the Paediatric Committee.

2. The measures and timelines of the paediatric investigation plan and the subsets of the paediatric population and condition covered by the waiver are set out in the Annex I.

This opinion is forwarded to the applicant and the Executive Director of the European Medicines Agency, together with its annex and appendix.

London, 12 December 2014

On behalf of the Paediatric Committee
Dr Dirk Mentzer, Chairman
(Signature on file)

Annex I

The subset(s) of the paediatric population and condition(s) covered by the waiver and the measures and timelines of the agreed paediatric investigation plan (PIP)

1. Waiver

1.1. Condition

Treatment of psoriasis

The waiver applies to:

- the paediatric population from birth to less than 6 years;
- for powder for solution for injection for subcutaneous use;
- on the grounds that the disease or condition for which the specific medicinal product is intended does not occur in the specified paediatric subset(s).

2. Paediatric Investigation Plan

2.1. Condition

Treatment of psoriasis

2.1.1. Indication(s) targeted by the PIP

Treatment of patients with moderate to severe plaque psoriasis who failed to respond to, or who have a contraindication to, or are intolerant to non-biologic systemic therapies

2.1.2. Subset(s) of the paediatric population concerned by the paediatric development

From 6 to less than 18 years of age

2.1.3. Pharmaceutical forms

Powder for solution for injection

Solution for injection (pre-filled syringe or pen)

2.1.4. Measures

Area	Number of studies	Description
Quality-related studies		Not applicable.
Non-clinical studies	2	Study 1 Fertility and early embryonic development (FEED) study in mice using a surrogate antibody. Study 2 Peri- and postnatal study in mice using a surrogate antibody.

Clinical studies	2	Study 3: CAIN457A2310 Double-blind, randomized, placebo-controlled, active comparator (etanercept as single-blinded arm) multicentre trial with secukinumab in children from 6 to less than 18 years of age with severe plaque psoriasis to demonstrate the efficacy of secukinumab as compared to placebo and compared to etanercept. Study 4 Double-blind, placebo-controlled multicentre trial with secukinumab in children from 6 to less than 18 years of age with moderate plaque psoriasis to demonstrate the efficacy of secukinumab as compared to placebo.
Extrapolation, modelling and simulation studies		Not applicable.
Other studies		Not applicable.
Other measures		Not applicable.

3. Follow-up, completion and deferral of PIP

Concerns on potential long term safety issues in relation to paediatric use:	No
Date of completion of the paediatric investigation plan:	By December 2022
Deferral for one or more measures contained in the paediatric investigation plan:	Yes
