Basis for opinion

Pursuant to Article 13 of Regulation (EC) No 1901/2006 as amended, Alfred E. Tiefenbacher (GmbH & Co. KG) submitted to the European Medicines Agency on 23 August 2022 an application for a product-specific waiver on the grounds set out in Article 11 of said Regulation for the above-mentioned medicinal product².

The procedure started on 17 October 2022.

Opinion

1. The Paediatric Committee, having assessed the waiver application in accordance with Article 13 of Regulation (EC) No 1901/2006 as amended, recommends as set out in the appended summary report:

- to grant a product-specific waiver for all subsets of the paediatric population and the above mentioned condition in accordance with Article 11(1)(b) of said Regulation, on the grounds that the disease or condition for which the specific medicinal product is intended occurs only in adult populations.

The Paediatric Committee members of Liechtenstein and Norway agree with the above-mentioned recommendation of the Paediatric Committee.

2. The grounds for the granting of the waiver are set out in Annex I.

This opinion is forwarded to the applicant and the Executive Director of the European Medicines Agency, together with its annexes and appendix.

² This opinion is without prejudice to the evaluation of the acceptability of the combination pack, which shall be considered on a case-by-case basis and may be confirmed only in very exceptional circumstances, where the marketing of distinct medicinal products in the same package would be indispensable for public health reasons. Such reasons cannot be related to convenience or commercial purposes. Please see the Notice to Applicants Chapter 1 Volume 2A - Section 5.5.

Annex I

Grounds for the granting of the waiver

1. Waiver

1.1. Condition:

Prevention of atherothrombotic events

The waiver applies to:

- all subsets of the paediatric population from birth to less than 18 years of age;
- all pharmaceutical forms, all routes of administration;
- on the grounds that the disease or condition for which the specific medicinal product is intended does not occur in the specified paediatric subset(s).

Annex II

Information about the authorised medicinal product

Information provided by the applicant:

The product is not authorised anywhere in the European Community.
