## European Medicines Agency decision

P/0105/2019

#### of 22 March 2019

on the agreement of a paediatric investigation plan and on the granting of a deferral and on the granting of a waiver for (R)-azasetron (besylate) (SENS-401) (EMEA-002165-PIP02-18) in accordance with Regulation (EC) No 1901/2006 of the European Parliament and of the Council

The European Medicines Agency,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1901/2006 of the European Parliament and of the Council of 12 December 2006 on medicinal products for paediatric use and amending Regulation (EEC) No. 1768/92, Directive 2001/20/EC, Directive 2001/83/EC and Regulation (EC) No 726/2004<sup>1</sup>,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Community procedures for the authorisation and supervision of medicinal products for human and veterinary use and establishing a European Medicines Agency<sup>2</sup>,

Having regard to the application submitted by Sensorion SA on 23 April 2018 under Article 16(1) of Regulation (EC) No 1901/2006 also requesting a deferral under Article 20 of said regulation and a waiver under Article 13 of said Regulation,

Having regard to the opinion of the Paediatric Committee of the European Medicines Agency, issued on 1 February 2019, in accordance with Article 17 of Regulation (EC) No 1901/2006 and Article 21 of said Regulation and Article 13 of said Regulation,

Having regard to Article 25 of Regulation (EC) No 1901/2006,

#### Whereas:

- (1) The Paediatric Committee of the European Medicines Agency has given an opinion on the agreement of a paediatric investigation plan and on the granting of a deferral and on the granting of a waiver.
- (2) It is therefore appropriate to adopt a decision agreeing a paediatric investigation plan.
- (3) It is therefore appropriate to adopt a decision granting a deferral.
- (4) It is therefore appropriate to adopt a decision granting a waiver.

<sup>&</sup>lt;sup>1</sup> OJ L 378, 27.12.2006, p.1.

<sup>&</sup>lt;sup>2</sup> OJ L 136, 30.4.2004, p. 1.

Has adopted this decision:

#### Article 1

A paediatric investigation plan for (R)-azasetron (besylate) (SENS-401), tablet, powder for oral solution, orodispersible tablet, oral use, the details of which are set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices, is hereby agreed.

#### Article 2

A deferral for (R)-azasetron (besylate) (SENS-401), tablet, powder for oral solution, orodispersible tablet, oral use, the details of which are set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices, is hereby granted.

#### Article 3

A waiver for (R)-azasetron (besylate) (SENS-401), tablet, powder for oral solution, orodispersible tablet, oral use, the details of which are set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices, is hereby granted.

#### Article 4

This decision is addressed to Sensorion SA, 375 rue du Professeur Blayac, 34080 - Montpellier, France.

EMA/PDCO/800499/2018 London, 1 February 2019

## Opinion of the Paediatric Committee on the agreement of a Paediatric Investigation Plan and a deferral and a waiver

EMEA-002165-PIP02-18

#### Scope of the application

#### **Active substance(s):**

(R)-azasetron (besylate) (SENS-401)

#### Condition(s):

Prevention of platinum-induced ototoxic hearing loss

Treatment of Sudden Sensorineural Hearing Loss

#### Pharmaceutical form(s):

Tablet

Powder for oral solution

Orodispersible tablet

#### Route(s) of administration:

Oral use

#### Name/corporate name of the PIP applicant:

Sensorion SA

#### **Basis for opinion**

Pursuant to Article 16(1) of Regulation (EC) No 1901/2006 as amended, Sensorion SA submitted for agreement to the European Medicines Agency on 23 April 2018 an application for a paediatric investigation plan for the above mentioned medicinal product and a deferral under Article 20 of said Regulation and a waiver under Article 13 of said Regulation.

The procedure started on 29 May 2018.

Supplementary information was provided by the applicant on 29 October 2018. The applicant proposed modifications to the paediatric investigation plan.

#### **Opinion**

- 1. The Paediatric Committee, having assessed the proposed paediatric investigation plan in accordance with Article 17 of Regulation (EC) No 1901/2006 as amended, recommends as set out in the appended summary report:
  - to agree the paediatric investigation plan in accordance with Article 17(1) of said Regulation;
  - to grant a deferral in accordance with Article 21 of said Regulation;
  - to grant a waiver for one or more subsets of the paediatric population in accordance with Article 13 of said Regulation and concluded in accordance with Article 11(1)(b) of said Regulation, on the grounds that the disease or condition for which the specific medicinal product is intended does not occur in the specified subset(s) of the paediatric population.

The Norwegian Paediatric Committee member agrees with the above-mentioned recommendation of the Paediatric Committee.

2. The measures and timelines of the agreed paediatric investigation plan and the subset(s) of the paediatric population and condition(s) covered by the waiver are set out in the Annex I.

This opinion is forwarded to the applicant and the Executive Director of the European Medicines Agency, together with its annex and appendix.

#### **Annex I**

The subset(s) of the paediatric population and condition(s) covered by the waiver and the measures and timelines of the agreed paediatric investigation plan (PIP)

#### 1. Waiver

#### 1.1. Condition:

Prevention of platinum-induced ototoxic hearing loss

The waiver applies to:

- the paediatric population from birth to less than 28 days;
- tablet, powder for oral solution, orodispersible tablet, oral use;
- on the grounds that the disease or condition for which the specific medicinal product is intended does not occur in the specified paediatric subset(s).

#### 1.2. Condition:

Treatment of Sudden Sensorineural Hearing Loss (SSNHL)

The waiver applies to:

- the paediatric population from birth to less than 28 days;
- tablet, powder for oral solution, orodispersible table: oral use;
- on the grounds that the disease or condition for which the specific medicinal product is intended does not occur in the specified paediatric subset(s).

### 2. Paediatric investigation plan

#### 2.1. Condition:

Prevention of platinum-induced ototoxic hearing loss

#### 2.1.1. Indication(s) targeted by the PIP

Prevention of Cisplatin-Induced Ototoxicity (CIO) in paediatric patients

## 2.1.2. Subset(s) of the paediatric population concerned by the paediatric development

From 28 days to less than 18 years of age

#### 2.1.3. Pharmaceutical form(s)

Tablet

Powder for oral solution

Orodispersible tablet

#### 2.2.4. Measures

Area	Number of measures	Description
Quality-related studies	1	Same as for condition Prevention of platinum-induced ototoxic hearing loss
Non-clinical studies	0	Not applicable
Clinical studies	1	Study 3  Two- part, randomized, double-blind, placebo-controlled, parallel-group, efficacy and safety study of (R)-azasetron (besylate) (SENS-401) (in adults) and in paediatric patients from 12 years of age to less than 18 years (and younger paediatric patients above 28 days of age) of age with severe or profound sudden sensorineural hearing loss
Extrapolation, modelling and simulation studies	0	Not applicable
Other studies	0	Not applicable
Other measures	0	Not applicable

## 3. Follow-up, completion and deferral of PIP

Concerns on potential long term safety/efficacy issues in relation to paediatric use:	Yes
Date of completion of the paediatric investigation plan:	By December 2024
Deferral for one or more measures contained in the paediatric investigation plan:	Yes
