European Medicines Agency decision

P/0128/2013

of 28 May 2013

on the granting of a product specific waiver for menotrophin (EMA-001403-PIP01-12) in accordance with Regulation (EC) No 1901/2006 of the European Parliament and of the Council

The European Medicines Agency,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1901/2006 of the European Parliament and of the Council of 12 December 2006 on medicinal products for paediatric use and amending Regulation (EEC) No. 1768/92, Directive 2001/20/EC, Directive 2001/83/EC and Regulation (EC) No 726/2004¹,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Community procedures for the authorisation and supervision of medicinal products for human and veterinary use and establishing a European Medicines Agency²,

Having regard to the application submitted by Laboratoires Genevrier on 8 January 2013 under Article 13 of Regulation (EC) No 1901/2006,

Having regard to the opinion of the Paediatric Committee of the European Medicines Agency, issued on 12 April 2013 in accordance with Article 13 of Regulation (EC) No 1901/2006,

Having regard to Article 25 of Regulation (EC) No 1901/2006,

Whereas:

- (1) The Paediatric Committee has given an opinion on the granting of a product specific waiver.
- (2) It is therefore appropriate to adopt a decision granting a waiver.

¹ OJ L 378, 27.12.2006, p.1.

² OJ L 136, 30.4.2004, p. 1.

Has adopted this decision:

Article 1

A waiver for menotrophin, powder and solvent for solution for injection, subcutaneous use, intramuscular use, the details of which are set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices, is hereby granted.

Article 2

This decision is addressed to Laboratoires Genevrier, 280 route de Goa, ZI Les Trois Moulins, 06600 Antibes, France.

EMA/PDCO/139922/2013

Opinion of the Paediatric Committee on the granting of a product-specific waiver

EMA-001403-PIP01-12

Scope of the application

Active substance(s):

Menotrophin

Condition(s):

Treatment of female infertility

Pharmaceutical form(s):

Powder and solvent for solution for injection

Route(s) of administration:

Subcutaneous use

Intramuscular use

Name / corporate name of the PIP applicant:

Laboratoires Genevrier

Basis for opinion

Pursuant to Article 13 of Regulation (EC) No 1901/2006 as amended, Laboratoires Genevrier submitted to the European Medicines Agency on 8 January 2013 an application for a product-specific waiver on the grounds set out in Article 11 of said Regulation for the above mentioned medicinal product.

The procedure started on 13 February 2013.

Opinion

1. The Paediatric Committee, having assessed the waiver application in accordance with Article 13 of Regulation (EC) No 1901/2006 as amended, recommends as set out in the appended summary report:

- to grant a product-specific waiver for all subsets of the paediatric population and the above mentioned condition in accordance with

Article 11(1)(a) of said Regulation, on the grounds that the specific medicinal product is likely to be ineffective or unsafe in part or all of the paediatric population; and

Article 11(1)(b) of said Regulation, on the grounds that the disease or condition for which the specific medicinal product is intended does not occur in the specified subset(s) of the paediatric population; and

Article 11(1)(c) of said Regulation, on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments for paediatric patients.

The Icelandic and the Norwegian Paediatric Committee members agree with the above-mentioned recommendation of the Paediatric Committee.

2. The grounds for the granting of the waiver are set out in Annex I.

This opinion is forwarded to the applicant and the Executive Director of the European Medicines Agency, together with its annex and appendix.

London, 12 April 2013

On behalf of the Paediatric Committee
Dr Daniel Brasseur, Chairman
(Signature on file)

Annex I

Grounds for the granting of the waiver

1. Waiver

1.1. Condition: Treatment of female infertility

The waiver applies to:

- Female adolescents from menarche to less than 18 years of age
- for powder and solvent for solution for injection for subcutaneous use and for intramuscular use
- on the grounds that the specific medicinal product is likely to be unsafe.

The waiver applies to:

- Female children from birth to menarche and male children and adolescents from birth to less than 18 years of age
- for powder and solvent for solution for injection for subcutaneous use and for intramuscular use
- on the grounds that the disease or condition for which the specific medicinal product is intended does not occur in the specified paediatric subsets.

The waiver applies to:

- Female adolescents from menarche to less than 18 years of age
- for powder and solvent for solution for injection for subcutaneous use and for intramuscular use
- on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments.
