# European Medicines Agency decision

P/0156/2024

of 6 May 2024

on the granting of a product-specific waiver for human alpha-1-proteinase inhibitor immunoglobulin G fusion protein, recombinant (EMA-003570-PIP01-23) in accordance with Regulation (EC) No 1901/2006 of the European Parliament and of the Council

The European Medicines Agency,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1901/2006 of the European Parliament and of the Council of 12 December 2006 on medicinal products for paediatric use and amending Regulation (EEC) No 1768/92, Directive 2001/20/EC, Directive 2001/83/EC and Regulation (EC) No 726/2004<sup>1</sup>,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Union procedures for the authorisation and supervision of medicinal products for human use and establishing a European Medicines Agency<sup>2</sup>,

Having regard to the application submitted by Inhibrx, Inc. on 18 December 2023 under Article 13 of Regulation (EC) No 1901/2006,

Having regard to the opinion of the Paediatric Committee of the European Medicines Agency, issued on 22 March 2024 in accordance with Article 13 of Regulation (EC) No 1901/2006,

Having regard to Article 25 of Regulation (EC) No 1901/2006,

Whereas:

- (1) The Paediatric Committee has given an opinion on the granting of a product-specific waiver.
- (2) It is therefore appropriate to adopt a decision granting a waiver.

Has adopted this decision:

## **Article 1**

A waiver for human alpha-1-proteinase inhibitor immunoglobulin G fusion protein, recombinant, all pharmaceutical forms, all routes of administration, the details of which are set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices, is hereby granted.

## **Article 2**

This decision is addressed to Inhibrx, Inc., 11025 North Torrey Pines Road, Suite 200, 92037 - La Jolla, USA.

EMA/PDCO/14687/2024  
Amsterdam, 22 March 2024

## Opinion of the Paediatric Committee on the granting of a product-specific waiver

EMA-003570-PIP01-23

### Scope of the application

#### Active substance(s):

Human alpha-1-proteinase inhibitor immunoglobulin G fusion protein, recombinant

#### Invented name and authorisation status:

See Annex II

#### Condition(s):

Treatment of emphysema secondary to congenital deficiency of alpha-1 antitrypsin

#### Pharmaceutical form(s):

All pharmaceutical forms

#### Route(s) of administration:

All routes of administration

#### Name/corporate name of the PIP applicant:

Inhibrx, Inc.

### Basis for opinion

Pursuant to Article 13 of Regulation (EC) No 1901/2006 as amended, Inhibrx, Inc. submitted to the European Medicines Agency on 18 December 2023 an application for a product-specific waiver on the grounds set out in Article 11 of said Regulation for the above mentioned medicinal product.

The procedure started on 22 January 2024.

## Opinion

1. The Paediatric Committee, having assessed the waiver application in accordance with Article 13 of Regulation (EC) No 1901/2006 as amended, recommends as set out in the appended summary report:
  - to grant a product-specific waiver for all subsets of the paediatric population and the above mentioned condition(s) in accordance with Article 11(1)(b) of said Regulation, on the grounds that the disease or condition for which the specific medicinal product is intended occurs only in adult populations.

The Paediatric Committee member of Norway agrees with the above-mentioned recommendation of the Paediatric Committee.

2. The grounds for the granting of the waiver are set out in Annex I.

This opinion is forwarded to the applicant and the Executive Director of the European Medicines Agency, together with its annexes and appendix.

## **Annex I**

### **Grounds for the granting of the waiver**

# 1. Waiver

## **1.1. Condition:**

Treatment of emphysema secondary to congenital deficiency of alpha-1 antitrypsin

The waiver applies to:

- all subsets of the paediatric population from birth to less than 18 years of age;
- all pharmaceutical forms, all routes of administration;
- on the grounds that the disease or condition for which the specific medicinal product is intended does not occur in the specified paediatric subset(s).

## **Annex II**

### **Information about the authorised medicinal product**

***Information provided by the applicant:***

**The product is not authorised anywhere in the European Community.**
