European Medicines Agency decision

P/0203/2017

of 9 August 2017

on the granting of a product specific waiver for diclofenac (sodium) (Pennsaid), (EMA-002132-PIP01-17) in accordance with Regulation (EC) No 1901/2006 of the European Parliament and of the Council

The European Medicines Agency,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1901/2006 of the European Parliament and of the Council of 12 December 2006 on medicinal products for paediatric use and amending Regulation (EEC) No. 1768/92, Directive 2001/20/EC, Directive 2001/83/EC and Regulation (EC) No 726/2004¹,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Community procedures for the authorisation and supervision of medicinal products for human and veterinary use and establishing a European Medicines Agency²,

Having regard to the application submitted by Dimethaid (UK) Limited on 10 March 2017 under Article 13 of Regulation (EC) No 1901/2006,

Having regard to the opinion of the Paediatric Committee of the European Medicines Agency, issued on 23 June 2017 in accordance with Article 13 of Regulation (EC) No 1901/2006,

Having regard to Article 25 of Regulation (EC) No 1901/2006,

Whereas:

- (1) The Paediatric Committee has given an opinion on the granting of a product specific waiver.
- (2) It is therefore appropriate to adopt a decision granting a waiver.

Has adopted this decision:

Article 1

A waiver for diclofenac (sodium) (Pennsaid), cutaneous solution, cutaneous use, the details of which are set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices, is hereby granted.

Article 2

This decision is addressed to Dimethaid (UK) Limited, Third Floor, One London Square, Cross Lanes, GU1 1UN – Guildford, United Kingdom.

See Annex II

Pharmaceutical form(s):

Cutaneous solution

Route(s) of administration:

Cutaneous use

Name / corporate name of the PIP applicant:

Dimethaid (UK) Limited

Information about the authorised medicinal product:

See Annex II

Basis for opinion

Pursuant to Article 13 of Regulation (EC) No 1901/2006 as amended, Dimethaid (UK) Limited submitted to the European Medicines Agency on 10 March 2017 an application for a product-specific waiver on the grounds set out in Article 11 of said Regulation for the above mentioned medicinal product.

The procedure started on 25 April 2017.

Opinion

1. The Paediatric Committee, having assessed the waiver application in accordance with Article 13 of Regulation (EC) No 1901/2006 as amended, recommends as set out in the appended summary report:
 - to grant a product-specific waiver for all subsets of the paediatric population and the above mentioned conditions in accordance with Article 11(1)(c) of said Regulation, on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments for paediatric patients.

The Norwegian Paediatric Committee member agrees with the above-mentioned recommendation of the Paediatric Committee.

2. The grounds for the granting of the waiver are set out in Annex I.

This opinion is forwarded to the applicant and the Executive Director of the European Medicines Agency, together with its annexes and appendix.

Annex I

Grounds for the granting of the waiver

1. Waiver

1.1. Condition:

Treatment of pain

The waiver applies to:

- All subsets of the paediatric population from birth to less than 18 years of age;
- for cutaneous solution for cutaneous use;
- on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments.

1.2. Condition:

Treatment of inflammation

The waiver applies to:

- All subsets of the paediatric population from birth to less than 18 years of age;
- for cutaneous solution for cutaneous use;
- on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments.

Annex II

Information about the authorised medicinal product

Condition(s) and authorised indication(s):

1. Treatment of pain
2. Treatment of inflammation

Authorised indication(s):

- PENNSAID (16 mg/ml diclofenac sodium) is a cutaneous solution that is indicated for the symptomatic relief of pain associated with osteoarthritis in superficial joints, including the knee. There is no data on the use of PENNSAID for large, deep joints covered by layers of muscle or other soft tissues, such as the hip or spine.

Authorised pharmaceutical form(s):

Cutaneous solution

Authorised route(s) of administration:

Cutaneous use
