# European Medicines Agency decision

P/0255/2021

of 9 July 2021

on the acceptance of a modification of an agreed paediatric investigation plan for romosozumab (Evenity), (EMA-001075-PIP04-15-M03 ) in accordance with Regulation (EC) No 1901/2006 of the European Parliament and of the Council

The European Medicines Agency,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1901/2006 of the European Parliament and of the Council of 12 December 2006 on medicinal products for paediatric use and amending Regulation (EEC) No. 1768/92, Directive 2001/20/EC, Directive 2001/83/EC and Regulation (EC) No 726/2004<sup>1</sup>,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Community procedures for the authorisation and supervision of medicinal products for human and veterinary use and establishing a European Medicines Agency<sup>2</sup>,

Having regard to the European Medicines Agency's decision P/0066/2016 issued on 18 March 2016, the decision P/0247/2018 issued on 15 August 2018 and the decision P/0183/2020 issued on 15 May 2020,

Having regard to the application submitted by UCB Pharma S.A. on 12 February 2021 under Article 22 of Regulation (EC) No 1901/2006 proposing changes to the agreed paediatric investigation plan with a deferral and a waiver,

Having regard to the opinion of the Paediatric Committee of the European Medicines Agency, issued on 21 May 2021, in accordance with Article 22 of Regulation (EC) No 1901/2006,

Having regard to Article 25 of Regulation (EC) No 1901/2006,

Whereas:

- (1) The Paediatric Committee of the European Medicines Agency has given an opinion on the acceptance of changes to the agreed paediatric investigation plan.
- (2) It is therefore appropriate to adopt a decision on the acceptance of changes to the agreed paediatric investigation plan.

---

<sup>1</sup> OJ L 378, 27.12.2006, p.1.

<sup>2</sup> OJ L 136, 30.4.2004, p. 1.

Has adopted this decision:

**Article 1**

Changes to the agreed paediatric investigation plan for romosozumab (Evenity), solution for injection, subcutaneous use, are hereby accepted in the scope set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices.

**Article 2**

This decision is addressed to UCB Pharma S.A., Allée de la Recherche 60, 1070 – Brussels, Belgium.

EMA/PDCO/115925/2021  
Amsterdam, 21 May 2021

## Opinion of the Paediatric Committee on the acceptance of a modification of an agreed Paediatric Investigation Plan EMA-001075-PIP04-15-M03

### Scope of the application

**Active substance(s):**

Romosozumab

**Invented name:**

Evenity

**Condition(s):**

Treatment of osteoporosis

**Authorised indication(s):**

See Annex II

**Pharmaceutical form(s):**

Solution for injection

**Route(s) of administration:**

Subcutaneous use

**Name/corporate name of the PIP applicant:**

UCB Pharma S.A.

**Information about the authorised medicinal product:**

See Annex II

## **Basis for opinion**

Pursuant to Article 22 of Regulation (EC) No 1901/2006 as amended, UCB Pharma S.A. submitted to the European Medicines Agency on 12 February 2021 an application for modification of the agreed paediatric investigation plan with a deferral and a waiver as set out in the European Medicines Agency's decision P/0066/2016 issued on 18 March 2016, the decision P/0247/2018 issued on 15 August 2018 and the decision P/0183/2020 issued on 15 May 2020.

The application for modification proposed changes to the agreed paediatric investigation plan.

The procedure started on 23 March 2021.

## **Scope of the modification**

Some measures of the Paediatric Investigation Plan have been modified.

## **Opinion**

1. The Paediatric Committee, having assessed the application in accordance with Article 22 of Regulation (EC) No 1901/2006 as amended, recommends as set out in the appended summary report:
  - to agree to changes to the paediatric investigation plan in the scope set out in the Annex I of this opinion.

The Norwegian Paediatric Committee member agrees with the above-mentioned recommendation of the Paediatric Committee.

2. The measures and timelines of the paediatric investigation plan and the subset(s) of the paediatric population and condition(s) covered by the waiver are set out in the Annex I.

This opinion is forwarded to the applicant and the Executive Director of the European Medicines Agency, together with its annexes and appendix.

## **Annex I**

**The subset(s) of the paediatric population and condition(s) covered by the waiver and the measures and timelines of the agreed paediatric investigation plan (PIP)**

# 1. Waiver

## 1.1. Condition:

Treatment of osteoporosis

The waiver applies to:

- the paediatric population from birth to less than 5 years of age;
- solution for injection, subcutaneous use;
- on the grounds that the specific medicinal product is likely to be unsafe.

# 2. Paediatric investigation plan

## 2.1. Condition:

Treatment of osteoporosis

### 2.1.1. Indication(s) targeted by the PIP

Treatment of osteogenesis imperfecta

Treatment of glucocorticoid induced osteoporosis

### 2.1.2. Subset(s) of the paediatric population concerned by the paediatric development

Osteogenesis imperfecta: from 5 years to less than 18 years of age

Glucocorticoid induced osteoporosis: from 10 years to less than 18 years of age

### 2.1.3. Pharmaceutical form(s)

Solution for injection

### 2.1.4. Measures

| Area                    | Number of measures | Description                                                             |
|-------------------------|--------------------|-------------------------------------------------------------------------|

### 3. Follow-up, completion and deferral of PIP

|                                                                                       |             |
|---------------------------------------------------------------------------------------|-------------|
| Concerns on potential long term safety/efficacy issues in relation to paediatric use: | Yes         |
| Date of completion of the paediatric investigation plan:                              | By May 2027 |
| Deferral for one or more measures contained in the paediatric investigation plan:     | Yes         |

## **Annex II**

### **Information about the authorised medicinal product**

**Condition(s) and authorised indication(s):**

1. Treatment of osteoporosis

Authorised indication(s):

- Evenity is indicated in treatment of severe osteoporosis in postmenopausal women at high risk of fracture

**Authorised pharmaceutical form(s):**

Solution for injection.

**Authorised route(s) of administration:**

Subcutaneous injection.
