European Medicines Agency decision

P/0260/2014

of 29 September 2014

on the acceptance of a modification of an agreed paediatric investigation plan for solifenacin (succinate) (Vesicare and associated names), (EMA-000573-PIP01-09-M05) in accordance with Regulation (EC) No 1901/2006 of the European Parliament and of the Council

The European Medicines Agency,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1901/2006 of the European Parliament and of the Council of 12 December 2006 on medicinal products for paediatric use and amending Regulation (EEC) No. 1768/92, Directive 2001/20/EC, Directive 2001/83/EC and Regulation (EC) No 726/2004¹,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Community procedures for the authorisation and supervision of medicinal products for human and veterinary use and establishing a European Medicines Agency²,

Having regard to the European Medicines Agency's decision P/89/2010 issued on 1 June 2010, the decision P/314/2011 issued on 22 December 2011, the decision P/0019/2013 issued on 1 February 2013, the decision P/0114/2013 issued on 26 April 2013, and the decision P/0189/2013 issued on 9 August 2013,

Having regard to the application submitted by Astellas Pharma Europe B.V. on 17 July 2014 under Article 22 of Regulation (EC) No 1901/2006 proposing changes to the agreed paediatric investigation plan with a waiver and proposing a deferral,

Having regard to the opinion of the Paediatric Committee of the European Medicines Agency, issued on 12 September 2014, in accordance with Article 22 of Regulation (EC) No 1901/2006, and Article 21 of said Regulation,

Having regard to Article 25 of Regulation (EC) No 1901/2006,

Whereas:

- (1) The Paediatric Committee of the European Medicines Agency has given an opinion on the acceptance of changes to the agreed paediatric investigation plan and on the granting of a deferral.
- (2) It is therefore appropriate to adopt a decision on the acceptance of changes to the agreed paediatric investigation plan.
- (3) It is therefore appropriate to adopt a decision on the granting of a deferral.

¹ OJ L 378, 27.12.2006, p.1.

² OJ L 136, 30.4.2004, p. 1.

Has adopted this decision:

Article 1

Changes to the agreed paediatric investigation plan for solifenacin (succinate) (Vesicare and associated names), oral suspension, film-coated tablet, oral use, are hereby accepted in the scope set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices.

Article 2

A deferral for solifenacin (succinate) (Vesicare and associated names), oral suspension, film-coated tablet, oral use, the details of which are set out in the opinion of the Paediatric Committee the European Medicines Agency annexed hereto, together with its appendices, is hereby granted.

Article 3

This decision is addressed to Astellas Pharma Europe B.V., Sylviusweg 62, 2333 BE – Leiden, The Netherlands.

EMA/PDCO/467364/2014

Opinion of the Paediatric Committee on the acceptance of a modification of an agreed Paediatric Investigation Plan

EMA-000573-PIP01-09-M05

Scope of the application

Active substance(s):

Solifenacin (succinate)

Invented name:

Vesicare and associated names

Condition(s):

Treatment of idiopathic overactive bladder

Authorised indication(s):

See Annex II

Pharmaceutical form(s):

Oral suspension

Film-coated tablet

Route(s) of administration:

Oral use

Name / corporate name of the PIP applicant:

Astellas Pharma Europe B.V.

Information about the authorised medicinal product:

See Annex II

Basis for opinion

Pursuant to Article 22 of Regulation (EC) No 1901/2006 as amended, Astellas Pharma Europe B.V. submitted to the European Medicines Agency on 17 July 2014 an application for modification of the agreed paediatric investigation plan with a waiver as set out in the European Medicines Agency's decision P/89/2010 issued on 1 June 2010, the decision P/314/2011 issued on 22 December 2011, the decision P/0019/2013 issued on 1 February 2013, the decision P/0114/2013 issued on 26 April 2013, and the decision P/0189/2013 issued on 9 August 2013.

The application for modification proposed changes to the agreed paediatric investigation plan and proposed a deferral.

The procedure started on 13 August 2014.

Scope of the modification

Some measures and timelines of the Paediatric Investigation Plan have been modified. A deferral for one measure has been added.

Opinion

1. The Paediatric Committee, having assessed the application in accordance with Article 22 of Regulation (EC) No 1901/2006 as amended, recommends as set out in the appended summary report:
 - to agree to changes to the paediatric investigation plan in the scope set out in the Annex I of this opinion;
 - to grant a deferral, the details of which are set out in the Annex I of this opinion.

The Icelandic and the Norwegian Paediatric Committee members agree with the above-mentioned recommendation of the Paediatric Committee.

2. The measures and timelines of the paediatric investigation plan and the subset(s) of the paediatric population and condition(s) covered by the waiver are set out in the Annex I.

This opinion is forwarded to the applicant and the Executive Director of the European Medicines Agency, together with its annexes and appendix.

London, 12 September 2014

On behalf of the Paediatric Committee
Dr Dirk Mentzer, Chairman
(Signature on file)

Annex I

The subset(s) of the paediatric population and condition(s) covered by the waiver and the measures and timelines of the agreed paediatric investigation plan (PIP)

1. Waiver

1.1. Condition:

Treatment of idiopathic overactive bladder

The waiver applies to:

- the paediatric population from birth to less than 5 years of age;
- for oral suspension, oral use;
- on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments.

The waiver applies to:

- the paediatric population from birth to less than 18 years of age;
- for film-coated tablet, oral use;
- on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments.

2. Paediatric investigation plan

2.1. Condition

Treatment of idiopathic overactive bladder

2.1.1. Indication(s) targeted by the PIP

Symptomatic treatment of urge incontinence and/or increased urinary frequency and urgency as may occur in patients with overactive bladder syndrome.

2.1.2. Subset(s) of the paediatric population concerned by the paediatric development

From 5 to less than 18 years of age.

2.1.3. Pharmaceutical form(s)

Oral suspension.

2.1.4. Measures

Area	Number of measures	Description
Quality-related studies	1	Study 1: Development of an oral liquid age-appropriate formulation.
Non-clinical studies	0	Not applicable.

Clinical studies	3	Study 2: Open-label, multicentre, single ascending dose study to evaluate pharmacokinetics, safety and tolerability of solifenacin succinate suspension in children from 5 to less than 18 years of age with overactive bladder. Study 3: Double blind, randomised, multicentre, placebo controlled sequential dose titration study to assess efficacy, safety and population PK of solifenacin suspension in children from 5 to less than 18 years of age with overactive bladder. Study 4: Open-label, multicentre, sequential dose titration study to assess safety and efficacy of solifenacin succinate suspension in children with overactive bladder (Long-term extension of Measure 3 (905-CL-076)).
Extrapolation, modelling and simulation studies	0	Not applicable.
Other studies	0	Not applicable.
Other measures	0	Not applicable.

3. Follow-up, completion and deferral of PIP

Concerns on potential long term safety and efficacy issues in relation to paediatric use:	No
Date of completion of the paediatric investigation plan:	By December 2014
Deferral for one or more measures contained in the paediatric investigation plan:	Yes

Annex II

Information about the authorised medicinal product

Condition(s) and authorised indication(s):

1. Treatment of overactive bladder

Authorised indication(s):

- Symptomatic treatment of urge incontinence and/or increased urinary frequency and urgency as may occur in patients with overactive bladder syndrome.

Authorised pharmaceutical form(s):

Film-coated tablet

Authorised route(s) of administration:

Oral use
