European Medicines Agency decision

P/0274/2017

of 4 October 2017

on the acceptance of a modification of an agreed paediatric investigation plan for tenofovir alafenamide (as fumarate) (Vemlidy), (EMA-001584-PIP01-13-M02) in accordance with Regulation (EC) No 1901/2006 of the European Parliament and of the Council

The European Medicines Agency,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1901/2006 of the European Parliament and of the Council of 12 December 2006 on medicinal products for paediatric use and amending Regulation (EEC) No. 1768/92, Directive 2001/20/EC, Directive 2001/83/EC and Regulation (EC) No 726/2004¹,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Community procedures for the authorisation and supervision of medicinal products for human and veterinary use and establishing a European Medicines Agency²,

Having regard to the European Medicines Agency's decision P/0209/2014 issued on 11 August 2014 and the decision P/0221/2016 issued on 12 August 2016,

Having regard to the application submitted by Gilead Sciences International Ltd. on 25 May 2017 under Article 22 of Regulation (EC) No 1901/2006 proposing changes to the agreed paediatric investigation plan with a deferral and a waiver,

Having regard to the opinion of the Paediatric Committee of the European Medicines Agency, issued on 18 August 2017, in accordance with Article 22 of Regulation (EC) No 1901/2006,

Having regard to Article 25 of Regulation (EC) No 1901/2006,

Whereas:

- (1) The Paediatric Committee of the European Medicines Agency has given an opinion on the acceptance of changes to the agreed paediatric investigation plan.
- (2) It is therefore appropriate to adopt a decision on the acceptance of changes to the agreed paediatric investigation plan.

¹ OJ L 378, 27.12.2006, p.1.

² OJ L 136, 30.4.2004, p. 1.

Has adopted this decision:

Article 1

Changes to the agreed paediatric investigation plan for tenofovir alafenamide (as fumarate) (Vemlidy), film-coated tablet, age appropriate tablet, age appropriate non-tablet formulation, oral use, are hereby accepted in the scope set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices.

Article 2

This decision is addressed to Gilead Sciences International Ltd., Granta Park, CB21 6GT - Cambridge, United Kingdom.

EUROPEAN MEDICINES AGENCY
SCIENCE MEDICINES HEALTH

EMA/PDCO/353546/2017

London, 18 August 2017

Opinion of the Paediatric Committee on the acceptance of a modification of an agreed Paediatric Investigation Plan EMA-001584-PIP01-13-M02

Scope of the application

Active substance(s):

Tenofovir alafenamide (as fumarate)

Invented name:

Vemlidy

Condition(s):

Treatment of chronic viral hepatitis B

Authorised indication(s):

See Annex II

Pharmaceutical form(s):

Film-coated tablet

Age appropriate tablet

Age appropriate non-tablet formulation

Route(s) of administration:

Oral use

Name / corporate name of the PIP applicant:

Gilead Sciences International Ltd.

Information about the authorised medicinal product:

See Annex II

Basis for opinion

Pursuant to Article 22 of Regulation (EC) No 1901/2006 as amended, Gilead Sciences International Ltd. submitted to the European Medicines Agency on 25 May 2017 an application for modification of the agreed paediatric investigation plan with a deferral and a waiver as set out in the European Medicines Agency's decision P/0209/2014 issued on 11 August 2014 and the decision P/0221/2016 issued on 12 August 2016.

The application for modification proposed changes to the agreed paediatric investigation plan.

The procedure started on 20 June 2017.

Scope of the modification

Some measures of the paediatric investigation plan have been modified.

Opinion

1. The Paediatric Committee, having assessed the application in accordance with Article 22 of Regulation (EC) No 1901/2006 as amended, recommends as set out in the appended summary report:
 - to agree to changes to the paediatric investigation plan in the scope set out in the Annex I of this opinion.

The Norwegian Paediatric Committee member agrees with the above-mentioned recommendation of the Paediatric Committee.

2. The measures and timelines of the paediatric investigation plan and the subset(s) of the paediatric population and condition(s) covered by the waiver are set out in the Annex I.

This opinion is forwarded to the applicant and the Executive Director of the European Medicines Agency, together with its annexes and appendix.

Annex I

The subset(s) of the paediatric population and condition(s) covered by the waiver and the measures and timelines of the agreed paediatric investigation plan (PIP)

1. Waiver

1.1. Condition

Treatment of chronic viral hepatitis B

The waiver applies to:

- the paediatric population from birth to less than 2 years;
- film-coated tablet, age appropriate tablet, age appropriate non-tablet formulation, oral use;
- on the grounds that clinical studies with the specific medicinal product cannot be expected to be of significant therapeutic benefit to or fulfil a therapeutic need of the specified paediatric subset(s).

2. Paediatric investigation plan

2.1. Condition

Treatment of chronic viral hepatitis B

2.1.1. Indication(s) targeted by the PIP

Treatment of chronic hepatitis B infection

2.1.2. Subset(s) of the paediatric population concerned by the paediatric development

From 2 years to less than 18 years of age

2.1.3. Pharmaceutical form(s)

Film-coated tablet

Age appropriate tablet

Age appropriate non-tablet formulation

2.1.4. Measures

Area	Number of measures	Description
Quality-related studies	2	Study 1 Development of an age appropriate tablet formulation. Study 2 Development of an age appropriate oral non-tablet formulation.
Non-clinical studies	0	Not applicable.
Clinical studies	2	Study 3 <i>deleted during procedure EMEA-001584-PIP01-13-M02</i>

		Study 4 Double-blind, placebo-controlled, pharmacokinetic, efficacy, safety, tolerability and antiviral activity study in treatment naïve and treatment experienced, HBeAg-positive and HBeAg-negative children (2 to less than 12 years of age) with chronic hepatitis B infection. Study 5 Open-label, relative bioavailability study of the proposed age-appropriate paediatric formulation in healthy adult volunteers.
Extrapolation, modelling and simulation studies	0	Not applicable.
Other studies	0	Not applicable.
Other measures	0	Not applicable.

3. Follow-up, completion and deferral of PIP

Concerns on potential long term safety/efficacy issues in relation to paediatric use:	Yes
Date of completion of the paediatric investigation plan:	By March 2023
Deferral for one or more measures contained in the paediatric investigation plan:	Yes

Annex II

Information about the authorised medicinal product

Condition(s) and authorised indication(s):

1. Treatment of chronic hepatitis B

Authorised indication(s):

- Vemlidy is indicated for the treatment of chronic hepatitis B in adults and adolescents (aged 12 years and older with body weight at least 35 kg)

Authorised pharmaceutical form(s):

Film-coated tablet

Authorised route(s) of administration:

Oral use
