European Medicines Agency decision

P/0303/2020

of 12 August 2020

on the granting of a product specific waiver for half-life extended bispecific T-cell engager (BiTE) antibody construct that binds to prostate-specific membrane antigen and cluster of differentiation 3, with a single chain fragment crystallizable moiety (EMEA-002655-PIP02-20) in accordance with Regulation (EC) No 1901/2006 of the European Parliament and of the Council

The European Medicines Agency,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1901/2006 of the European Parliament and of the Council of 12 December 2006 on medicinal products for paediatric use and amending Regulation (EEC) No 1768/92, Directive 2001/20/EC, Directive 2001/83/EC and Regulation (EC) No 726/2004¹,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Community procedures for the authorisation and supervision of medicinal products for human and veterinary use and establishing a European Medicines Agency²,

Having regard to the application submitted by Amgen Europe BV on 20 March 2020 under Article 13 of Regulation (EC) No 1901/2006,

Having regard to the opinion of the Paediatric Committee of the European Medicines Agency, issued on 26 June 2020 in accordance with Article 13 of Regulation (EC) No 1901/2006,

Having regard to Article 25 of Regulation (EC) No 1901/2006,

Whereas:

- (1) The Paediatric Committee has given an opinion on the granting of a product specific waiver.
- (2) It is therefore appropriate to adopt a decision granting a waiver.

Has adopted this decision:

Article 1

A waiver for half-life extended bispecific T-cell engager (BiTE) antibody construct that binds to prostate-specific membrane antigen and cluster of differentiation 3, with a single chain fragment crystallizable moiety, powder for solution for infusion, intravenous use, the details of which are set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices, is hereby granted.

Article 2

This decision is addressed to Amgen Europe BV, Minervum 7061, 4817 ZK – Breda, The Netherlands.

¹ OJ L 378, 27.12.2006, p.1.

² OJ L 136, 30.4.2004, p. 1.

EMA/PDCO/218272/2020
Amsterdam, 26 June 2020

Opinion of the Paediatric Committee on the granting of a product-specific waiver

EMA-002655-PIP02-20

Scope of the application

Active substance(s):

Half-life extended bispecific T-cell engager (BiTE) antibody construct that binds to prostate-specific membrane antigen and cluster of differentiation 3, with a single chain fragment crystallizable moiety

Condition(s):

Treatment of prostate cancer

Pharmaceutical form(s):

Powder for solution for infusion

Route(s) of administration:

Intravenous use

Name/corporate name of the PIP applicant:

Amgen Europe BV

Basis for opinion

Pursuant to Article 13 of Regulation (EC) No 1901/2006 as amended, Amgen Europe BV submitted to the European Medicines Agency on 20 March 2020 an application for a product-specific waiver on the grounds set out in Article 11 of said Regulation for the above mentioned medicinal product.

The procedure started on 30 April 2020.

Opinion

1. The Paediatric Committee, having assessed the waiver application in accordance with Article 13 of Regulation (EC) No 1901/2006 as amended, recommends as set out in the appended summary report:
 - to grant a product-specific waiver for all subsets of the paediatric population and the above mentioned condition in accordance with Article 11(1)(b) of said Regulation, on the grounds that the disease or condition for which the specific medicinal product is intended does not occur in the specified subset(s) of the paediatric population; and Article 11(1)(c) of said Regulation, on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments for paediatric patients.

The Norwegian Paediatric Committee member agrees with the above-mentioned recommendation of the Paediatric Committee.

2. The grounds for the granting of the waiver are set out in Annex I.

This opinion is forwarded to the applicant and the Executive Director of the European Medicines Agency, together with its annex and appendix.

Annex I

Grounds for the granting of the waiver

1. Waiver

1.1. Condition:

Treatment of prostate cancer

The waiver applies to:

- boys from birth to less than 15 years of age and girls from birth to less than 18 years of age;
- powder for solution for infusion, intravenous use;
- on the grounds that the disease or condition for which the specific medicinal product is intended does not occur in the specified paediatric subset(s);

and

- boys from 15 to less than 18 years of age;
- powder for solution for infusion, intravenous use;
- on the grounds that the specific medicinal product does not represent a significant therapeutic benefit as clinical studies are not feasible.
