European Medicines Agency decision

P/0310/2023

of 7 August 2023

on the agreement of a paediatric investigation plan and on the granting of a deferral and on the granting of a waiver for mocravimod (EMEA-003304-PIP01-22) in accordance with Regulation (EC) No 1901/2006 of the European Parliament and of the Council

The European Medicines Agency,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1901/2006 of the European Parliament and of the Council of 12 December 2006 on medicinal products for paediatric use and amending Regulation (EEC) No. 1768/92, Directive 2001/20/EC, Directive 2001/83/EC and Regulation (EC) No 726/2004¹,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Union procedures for the authorisation and supervision of medicinal products for human use and establishing a European Medicines Agency²,

Having regard to the application submitted by Priothera SAS on 8 August 2022 under Article 16(1) of Regulation (EC) No 1901/2006 also requesting a deferral under Article 20 of said Regulation and a waiver under Article 13 of said Regulation,

Having regard to the opinion of the Paediatric Committee of the European Medicines Agency, issued on 23 June 2023, in accordance with Article 17 of Regulation (EC) No 1901/2006 and Article 21 of said Regulation and Article 13 of said Regulation,

Having regard to Article 25 of Regulation (EC) No 1901/2006,

Whereas:

- (1) The Paediatric Committee of the European Medicines Agency has given an opinion on the agreement of a paediatric investigation plan and on the granting of a deferral and on the granting of a waiver.
- (2) It is therefore appropriate to adopt a decision agreeing a paediatric investigation plan.
- (3) It is therefore appropriate to adopt a decision granting a deferral.
- (4) It is therefore appropriate to adopt a decision granting a waiver.

¹ OJ L 378, 27.12.2006, p.1, as amended.

² OJ L 136, 30.4.2004, p. 1, as amended.

Has adopted this decision:

Article 1

A paediatric investigation plan for mocravimod, capsule, hard, oral use, the details of which are set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices, is hereby agreed.

Article 2

A deferral for mocravimod, capsule, hard, oral use, the details of which are set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices, is hereby granted.

Article 3

A waiver for mocravimod, capsule, hard, oral use, the details of which are set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices, is hereby granted.

Article 4

This decision is addressed to Priothera SAS, 57 Avenue Du General De Gaulle, 68300 - Saint-Louis, France.

EMA/PDCO/151869/2023 Amsterdam, 23 June 2023

Opinion of the Paediatric Committee on the agreement of a Paediatric Investigation Plan and a deferral and a waiver

EMEA-003304-PIP01-22

Scope of the application

Active substance(s):

Mocravimod

Invented name and authorisation status:

See Annex II

Condition(s):

Treatment in haematopoietic stem cell transplantation in patients with acute myeloid leukaemia

Pharmaceutical form(s):

Capsule, hard

Route(s) of administration:

Oral use

Name/corporate name of the PIP applicant:

Priothera SAS

Basis for opinion

Pursuant to Article 16(1) of Regulation (EC) No 1901/2006 as amended, Priothera SAS submitted for agreement to the European Medicines Agency on 8 August 2022 an application for a paediatric investigation plan for the above mentioned medicinal product and a deferral under Article 20 of said Regulation and a waiver under Article 13 of said Regulation.

The procedure started on 12 September 2022.

Supplementary information was provided by the applicant on 17 March 2023. The applicant proposed modifications to the paediatric investigation plan.

Opinion

- 1. The Paediatric Committee, having assessed the proposed paediatric investigation plan in accordance with Article 17 of Regulation (EC) No 1901/2006 as amended, recommends as set out in the appended summary report:
 - to agree the paediatric investigation plan in accordance with Article 17(1) of said Regulation;
 - to grant a deferral in accordance with Article 21 of said Regulation;
 - to grant a waiver for one or more subsets of the paediatric population in accordance with Article 13 of said Regulation and concluded in accordance with
 - Article 11(1)(c) of said Regulation, on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments for paediatric patients.

The Paediatric Committee member of Norway agrees with the above-mentioned recommendation of the Paediatric Committee.

2. The measures and timelines of the agreed paediatric investigation plan and the subset(s) of the paediatric population and condition(s) covered by the waiver are set out in the Annex I.

This opinion is forwarded to the applicant and the Executive Director of the European Medicines Agency, together with its annexes and appendix.

Annex I

The subset(s) of the paediatric population and condition(s) covered by the waiver and the measures and timelines of the agreed paediatric investigation plan (PIP)

1. Waiver

1.1. Condition:

Treatment in haematopoietic stem cell transplantation in patients with acute myeloid leukaemia

The waiver applies to:

- the paediatric population from birth to less than 12 years of age;
- capsule, hard, oral use;

on the grounds that the specific medicinal product does not represent a significant therapeutic benefit as clinical studies are not feasible.

2. Paediatric investigation plan

2.1. Condition:

Treatment in haematopoietic stem cell transplantation in patients with acute myeloid leukaemia

2.1.1. Indication(s) targeted by the PIP

Treatment of adolescent patients with acute myeloid leukaemia that undergo allogeneic-haematopoietic stem cell transplantation (HSCT)

2.1.2. Subset(s) of the paediatric population concerned by the paediatric development

From 12 years to less than 18 years of age

2.1.3. Pharmaceutical form(s)

Capsule, hard

2.1.4. Measures

Area	Description
Quality-related studies	Study 1
	Generation of data on compatibility/stability of mocravimod contained in the adult hard capsule formulation with common foods and drinks. (PKRPQ001).
Non-clinical studies	Not applicable.
Clinical studies	Open-label, historically controlled trial to evaluate safety, tolerability, pharmacokinetics and activity of mocravimod as an adjunctive and maintenance treatment in adolescent patients from 12 years to less than 18 years of age (and young adults) with acute myeloid leukaemia (AML) that undergo allogeneic-HSCT. (PKRPC002).

Modelling and simulation studies	Study 3 Modelling and simulation study to support mocravimod dosing in the treatment in HSCT in children from 12 years to less than 18 years of age with AML. (PKRPS001).
Other studies	Not applicable.
Extrapolation plan	Adult studies CKRP203A2105, CKRP203A2101, CKRP203A2102, CKRP203A2103 and PKRPC001 and adult and paediatric Study 2 (PKRPC002) are part of an extrapolation plan covering the paediatric population from 12 years to less than 18 years of age, as agreed by the PDCO.

3. Follow-up, completion and deferral of PIP

Concerns on potential long term safety/efficacy issues in relation to paediatric use:	No
Date of completion of the paediatric investigation plan:	By May 2030
Deferral for one or more measures contained in the paediatric investigation plan:	Yes

Annex II Information about the authorised medicinal product

Information provided by the applicant:		
The product is not authorised anywhere in the European Community.
