European Medicines Agency decision

P/0359/2024

of 25 October 2024

on the acceptance of a modification of an agreed paediatric investigation plan for brensocatib, (EMEA-002905-PIP01-20-M01) in accordance with Regulation (EC) No 1901/2006 of the European Parliament and of the Council

The European Medicines Agency,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1901/2006 of the European Parliament and of the Council of 12 December 2006 on medicinal products for paediatric use and amending Regulation (EEC) No. 1768/92, Directive 2001/20/EC, Directive 2001/83/EC and Regulation (EC) No 726/2004¹,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Union procedures for the authorisation and supervision of medicinal products for human use and establishing a European Medicines Agency²,

Having regard to the European Medicines Agency's decision P/0403/2021 issued on 1 October 2021,

Having regard to the application submitted by Insmed Netherlands B.V. on 21 May 2024 under Article 22 of Regulation (EC) No 1901/2006 proposing changes to the agreed paediatric investigation plan with a deferral and a waiver,

Having regard to the opinion of the Paediatric Committee of the European Medicines Agency, issued on 6 September 2024, in accordance with Article 22 of Regulation (EC) No 1901/2006,

Having regard to Article 25 of Regulation (EC) No 1901/2006,

Whereas:

- (1) The Paediatric Committee of the European Medicines Agency has given an opinion on the acceptance of changes to the agreed paediatric investigation plan and to the deferral.
- (2) It is therefore appropriate to adopt a decision on the acceptance of changes to the agreed paediatric investigation plan, including changes to the deferral.

¹ OJ L 378, 27.12.2006, p.1, as amended.

² OJ L 136, 30.4.2004, p. 1, as amended.

Has adopted this decision:

Article 1

Changes to the agreed paediatric investigation plan for brensocatib, film-coated tablet, oral use, including changes to the deferral, are hereby accepted in the scope set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices.

Article 2

This decision is addressed to Insmed Netherlands B.V., Stadsplateau 7, 3521AZ - Utrecht, The Netherlands.

EMA/PDCO/279115/2024 Amsterdam, 6 September 2024

Opinion of the Paediatric Committee on the acceptance of a modification of an agreed Paediatric Investigation Plan EMEA-002905-PIP01-20-M01

Scope of the application

Active substance(s):

Brensocatib

Invented name and authorisation status:

See Annex II

Condition(s):

Treatment of non-cystic fibrosis bronchiectasis

Pharmaceutical form(s):

Film-coated tablet

Route(s) of administration:

Oral use

Name/corporate name of the PIP applicant:

Insmed Netherlands B.V.

Basis for opinion

Pursuant to Article 22 of Regulation (EC) No 1901/2006 as amended, Insmed Netherlands B.V. submitted to the European Medicines Agency on 21 May 2024 an application for modification of the agreed paediatric investigation plan with a deferral and a waiver as set out in the European Medicines Agency's decision P/0403/2021 issued on 1 October 2021.

The application for modification proposed changes to the agreed paediatric investigation plan and to the deferral.

The procedure started on 8 July 2024.

Scope of the modification

Some measures and timelines of the Paediatric Investigation Plan have been modified.

Opinion

- The Paediatric Committee, having assessed the application in accordance with Article 22 of Regulation (EC) No 1901/2006 as amended, recommends as set out in the appended summary report:
 - to agree to changes to the paediatric investigation plan and to the deferral in the scope set out in the Annex I of this opinion.

The Paediatric Committee member of Norway agrees with the above-mentioned recommendation of the Paediatric Committee.

2. The measures and timelines of the paediatric investigation plan and the subset(s) of the paediatric population and condition(s) covered by the waiver are set out in the Annex I.

This opinion is forwarded to the applicant and the Executive Director of the European Medicines Agency, together with its annexes and appendix.

Annex I

The subset(s) of the paediatric population and condition(s) covered by the waiver and the measures and timelines of the agreed paediatric investigation plan (PIP)

1. Waiver

1.1. Condition:

Treatment of non-cystic fibrosis bronchiectasis

The waiver applies to:

- the paediatric population from birth to less than 6 years;
- · film-coated tablet, oral use;
- on the grounds that the specific medicinal product does not represent a significant therapeutic benefit as clinical studies(s) are not feasible.

2. Paediatric investigation plan

2.1. Condition:

Treatment of non-cystic fibrosis bronchiectasis

2.1.1. Indication(s) targeted by the PIP

Treatment of non-cystic fibrosis bronchiectasis (NCFBE) for reducing exacerbations

2.1.2. Subset(s) of the paediatric population concerned by the paediatric development

From 6 years to less than 18 years of age

2.1.3. Pharmaceutical form(s)

Film-coated tablet

2.1.4. Measures

Area	Description
Quality-related studies	Study 1 (QLT-DOC-001231) Development of an age-appropriate oral liquid dosage form
Non-clinical studies	Not applicable.
Clinical studies	Study 2 (INS1007-301)
	Double-blind, randomised, placebo controlled study to evaluate the safety and efficacy of brensocatib in adolescents (and adults) from 12 years to less than 18 years of age with NCFBE.
	Study 3 (INS1007-202)
	Open-label, single arm, multicentre study to evaluate pharmacokinetics, pharmacodynamics and safety of brensocatib in children from 6 years to less than 12 years of age with NCFBE.

Extrapolation, modelling and simulation studies	Study 4 (VV-CLIN-005036)
	Modelling and simulation study to evaluate the use of brensocatib in children from 6 years to less than 12 years of age with NCFBE.
	Study 5 (VV-CLIN-005037)
	Modelling and simulation study to evaluate the use of brensocatib in children from 6 years to less than 12 years of age with NCFBE.
Other studies	Not applicable.
Other measures	Not applicable.

3. Follow-up, completion and deferral of PIP

Concerns on potential long term safety/efficacy issues in relation to paediatric use:	No
Date of completion of the paediatric investigation plan:	By April 2030
Deferral for one or more measures contained in the paediatric investigation plan:	Yes
