European Medicines Agency decision

P/70/2011

of 4 April 2011

on the granting of a product specific waiver for amlodipine besilate / perindopril tert-butylamine (EMA-000823-PIP02-10) in accordance with Regulation (EC) No 1901/2006 of the European Parliament and of the Council

The European Medicines Agency,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1901/2006 of the European Parliament and of the Council of 12 December 2006 on medicinal products for paediatric use and amending Regulation (EEC) No. 1768/92, Directive 2001/20/EC, Directive 2001/83/EC and Regulation (EC) No 726/2004¹,

Having regard to Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Community procedures for the authorisation and supervision of medicinal products for human and veterinary use and establishing a European Medicines Agency²,

Having regard to the application submitted by Gedeon Richter Plc. on 15 November 2010 under Article 13 of Regulation (EC) No 1901/2006,

Having regard to the opinion of the Paediatric Committee of the European Medicines Agency, issued on 18 February 2011 in accordance with Article 13 of Regulation (EC) No 1901/2006,

Having regard to Article 25 of Regulation (EC) No 1901/2006,

Whereas:

- (1) The Paediatric Committee has given an opinion on the granting of a product specific waiver.
- (2) It is therefore appropriate to adopt a decision granting a waiver.

¹ OJ L 378, 27.12.2006, p.1.

² OJ L 136, 30.4.2004, p. 1.

Has adopted this decision:

Article 1

A waiver for amlodipine besilate / perindopril tert-butylamine, tablet, oral use, the details of which are set out in the opinion of the Paediatric Committee of the European Medicines Agency annexed hereto, together with its appendices, is hereby granted.

Article 2

This decision is addressed to Gedeon Richter Plc., Gyömrői út 19-21, 1103 Budapest, Hungary.

EMA/PDCO/43985/2011

Opinion of the Paediatric Committee on the granting of a product-specific waiver

EMA-000823-PIP02-10

Scope of the application

Active substance(s):

Amlodipine besilate / perindopril tert-butylamine

Condition(s):

Treatment of atherosclerotic heart disease

Treatment of acute myocardial infarction

Prevention of stroke

Treatment of Prinzmetal's (variant) angina

Prevention of heart failure

Treatment of heart failure

Pharmaceutical form(s):

Tablet

Route(s) of administration:

Oral use

Name/corporate name of the PIP applicant:

Gedeon Richter Plc.

Basis for opinion

Pursuant to Article 13 of Regulation (EC) No 1901/2006 as amended, Gedeon Richter Plc. submitted to the European Medicines Agency on 15 November 2010 an application for a product-specific waiver on the grounds set out in Article 11 of said Regulation for the above mentioned medicinal product.

The procedure started on 22 December 2010.

Opinion

1. The Paediatric Committee, having assessed the waiver application in accordance with Article 13 of Regulation (EC) No 1901/2006 as amended, recommends as set out in the appended summary report:

- to grant a product-specific waiver for all subsets of the paediatric population and all the above mentioned conditions in accordance with Article 11(1)(c) of said Regulation, on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments for paediatric patients.

The Icelandic and the Norwegian Paediatric Committee members agree with the above-mentioned recommendation of the Paediatric Committee.

2. The grounds for the granting of the waiver are set out in Annex I.

This opinion is forwarded to the applicant and the Executive Director of the European Medicines Agency, together with its annex and appendix.

London, 18 February 2011

On behalf of the Paediatric Committee
Dr Daniel Brasseur, Chairman
(Signature on file)

Annex I

Grounds for the granting of the waiver

1. Waiver

1.1. Condition: Treatment of atherosclerotic heart disease

The waiver applies to:

- All subsets of the paediatric population from birth to less than 18 years of age,
- for tablet for oral use,
- on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments.

1.2. Condition: Treatment of acute myocardial infarction

The waiver applies to:

- All subsets of the paediatric population from birth to less than 18 years of age,
- for tablet for oral use,
- on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments.

1.3. Condition: Prevention of stroke

The waiver applies to:

- All subsets of the paediatric population from birth to less than 18 years of age,
- for tablet for oral use,
- on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments.

1.4. Condition: Treatment of Prinzmetal's (variant) angina

The waiver applies to:

- All subsets of the paediatric population from birth to less than 18 years of age,
- for tablet for oral use,
- on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments.

1.5. Condition: Prevention of heart failure

The waiver applies to:

- All subsets of the paediatric population from birth to less than 18 years of age,
- for tablet for oral use,
- on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments.

1.6. Condition: Treatment of heart failure

The waiver applies to:

- All subsets of the paediatric population from birth to less than 18 years of age,
- for tablet for oral use,
- on the grounds that the specific medicinal product does not represent a significant therapeutic benefit over existing treatments.
