regional extended requirements

ICH requirements

ICH E2B / M2 (1)

- Implementation guide

- ☐ Constrain ISO ICSR message for the purpose of ICH E2B use (constrained message specification and rules for implementation)
- ☐ Explain how to use the message (user guidance)

Example

Different 4 styles of airplane can be created under HL7

- ICH E2B needs only one style

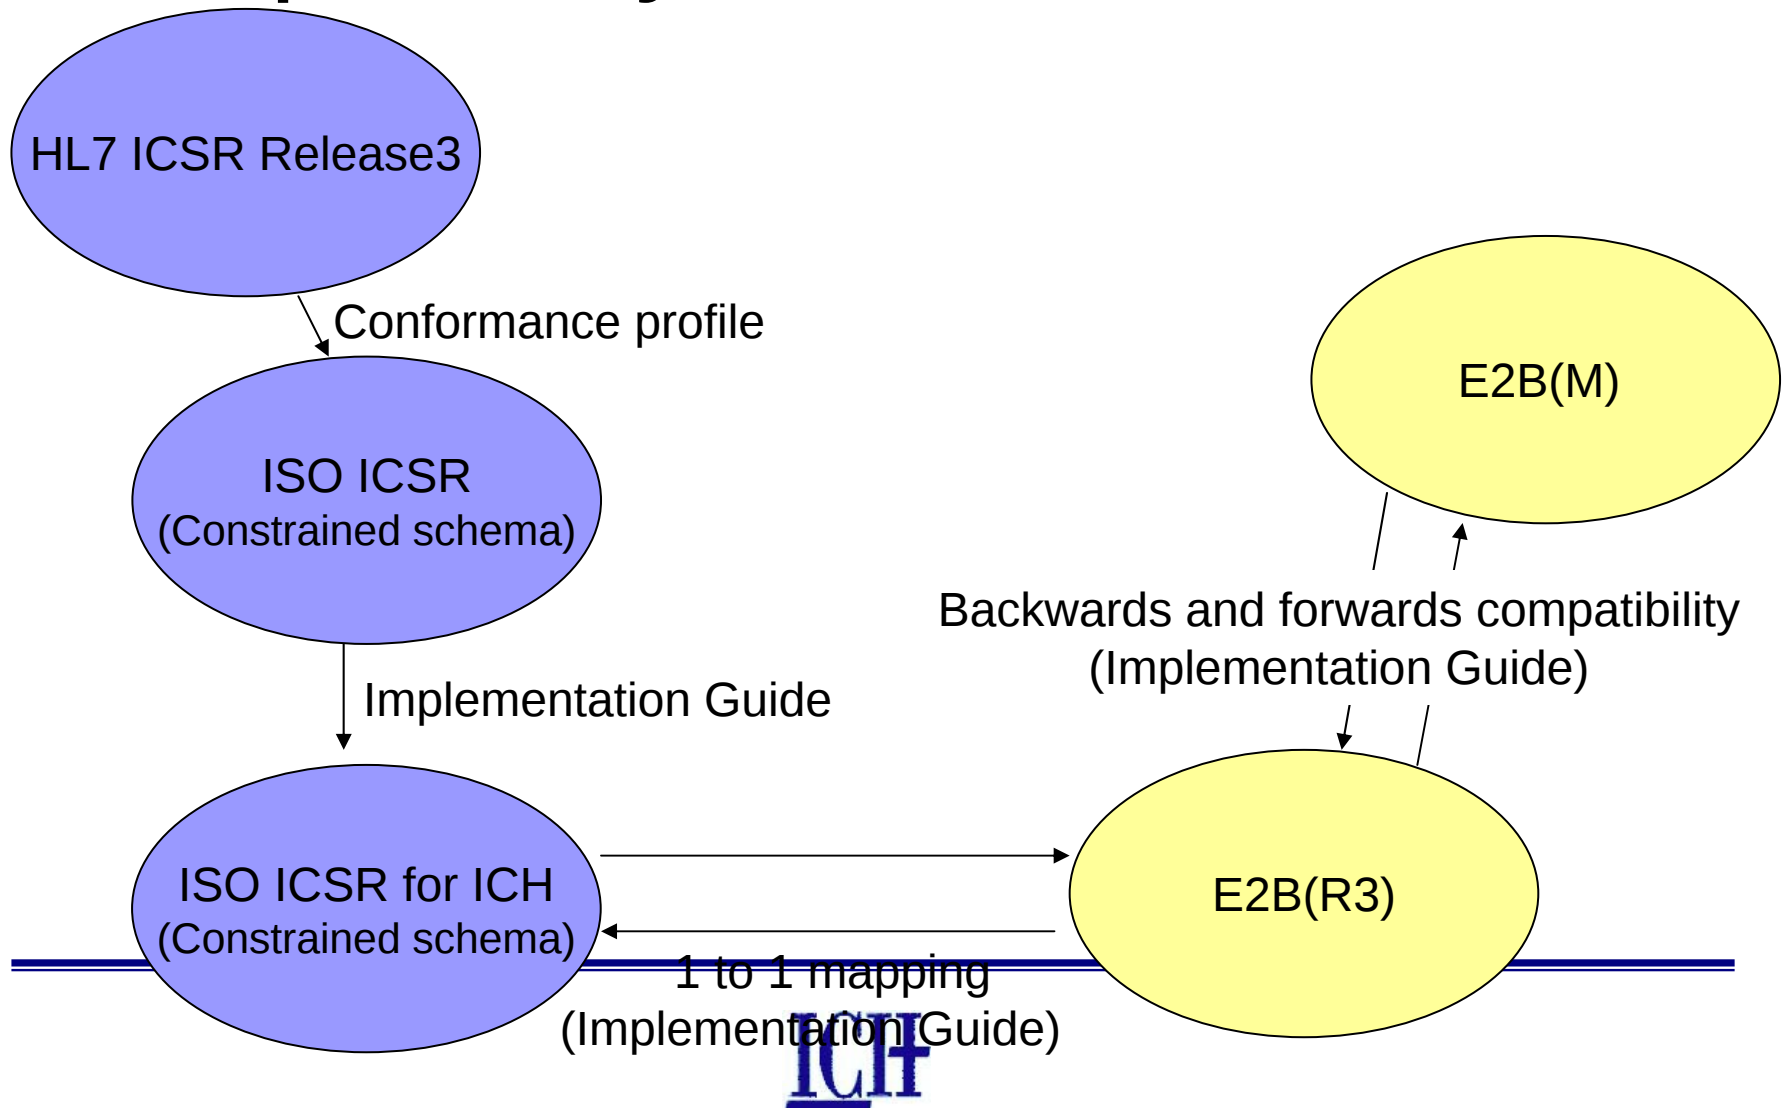

What is the airplane?
ICH Definition is;
Airplane have to have Wings, Cockpits,
and Engines.

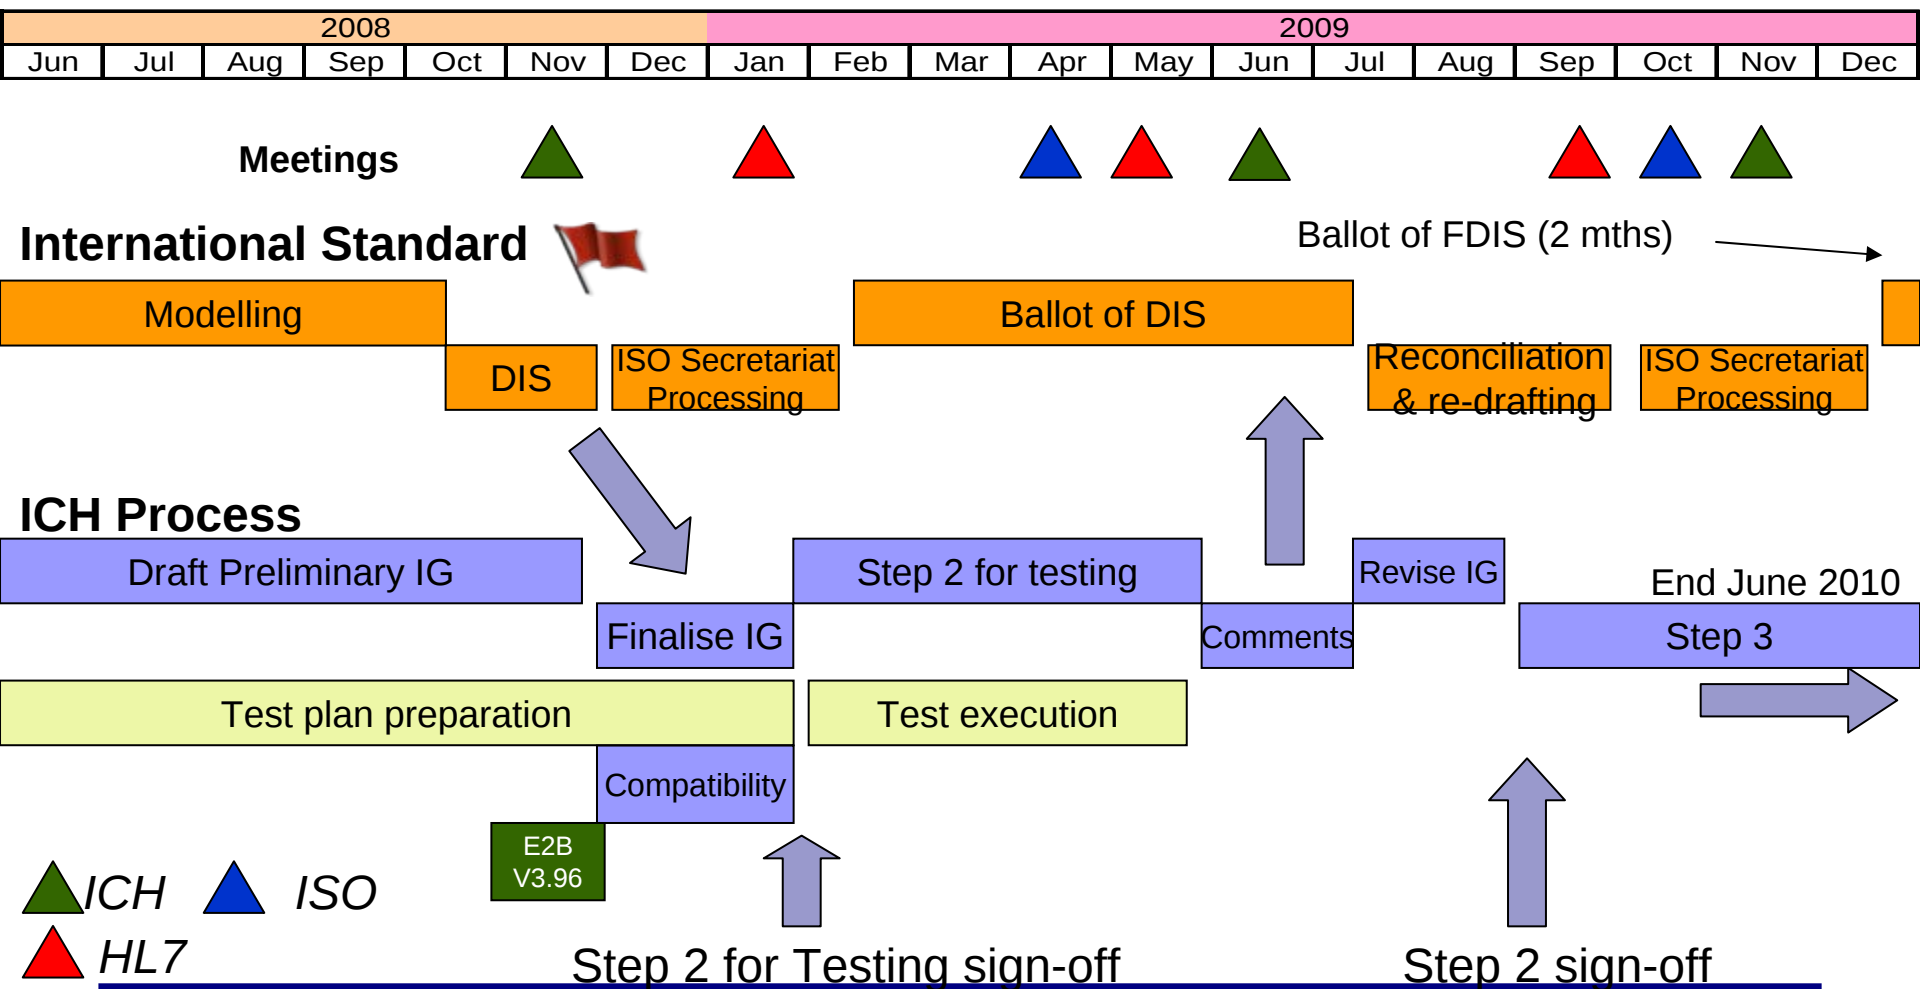

ICH E2B / M2 (2)

- Test for ISO ICSR message
 - Validate the message
 - Confirm the message whether it meets ICH requirements
- Confirm compatibility between E2B (M) and E2B (R3)

Compatibility
