

# **Joint HMA/EMA Meeting On Promoting Prudent and Responsible Use of Antimicrobials in Veterinary medicine 19-20 May 2009, Marienbad, Czech Republic**

**State of the art, view of DG ENTERPRISE, European  
Commission**

**Martin Terberger, Head of Unit „Pharmaceuticals“  
Directorate-General Enterprise and Industry  
European Commission**

This presentation puts forward the personal views of the author and cannot be considered as representing the official position of the European Commission

# Problem?

- We need more complete understanding of the problem
- Therefore request to EFSA, ECDC, EMEA and SCENIHR to provide a common report on AMR, based on available data

# Aspects to consider from a veterinary pharmaceutical perspective I.

- Sales data
- Strengthening co-operation in the network
- International co-operation (outside EU)
- Research and innovation

# Aspects to consider from a veterinary pharmaceutical perspective II.

- 5. Referrals
- 6. Authorization requirements (Guidelines)
- 7. Legislation
