

# Mentorship and Training at PCWP

PCWP the 13th of September

# Information/insights/wisdom

- Information:
  - What is necessary to know?
  - What could be learnt in 30 min?
  - What could be put on fact sheets for reference?
- Insights:
  - Through mentorship, other discussions and experience
- Wisdom – how to apply it all!

# Mentorship within PCWP

- Informal set-up - 2 choices
- A. Use info on web with informal talks and fact sheets of choice
- B. Watch 30 min. webinar, and 5 fact sheets and informal talks
  - Fact sheets: Pathway of drugs(ped./orphan, ordinary)
  - Overview of how it is linked together - the EC, EMA and its Committees, Working Parties, SAGs, SAWP, the PCWP
  - The PCWP – info and lists of activities

# Suggested extra modules of training in November

- Pathways for drugs in EMA -From a potential drug/wish to make a market application by a pharma company - to a centrally approved drug
- Overview of how it is linked together - the EC, EMA and its Committees, Working Parties, SAGs, SAWP, the PCWP
- Best Practise session – how to improve and increase interaction with EMA eg. coaching patient experts

# Information to patients coming once only

- Information:
  - What is necessary to know?
  - What could be learnt in 30 min?
  - What could be put on fact sheets for reference?
    - Travel and accomodation, procedures at EMA
    - Info sheet from the organisation
    - Letter to patient expert
    - Info on the drug pathway

# Suggestion – to have Patient experts' testimonials on the web

- 1. Why did I go to the EMA?
- 2. What was expected from me?
- 3. How much notice did I get?
- 4. How did I prepare?
- 5. What was it like? Describe the experience. In which language was it?
- 6. Was there any difficulties?
- 7. Did I get any feedback?
- 8. Any other thoughts on the matter?

# Training on the 29th of Nov.

- Send new ones!?
  - Make sure that EMA-literacy is shared within the organisation
- 

- Half-day with new modules
- Evaluate and summarize the training by working in groups at the end of the day
- More hands on – looking at the PL and looking both at the structure and contents at the same time

# Welcome in November!
