4th Workshop on European Paediatric Network
European Medicines Agency
22 March 2012

Summary – break out discussion group 2

Proposals on how to encourage clinicians to participate in clinical trials

1. Participation/teaching from early on in clinical training (e.g. GRIP)
2. Network to get colleagues involved
3. Proof of GCP worthiness by EMA

Summary – break out discussion group 2

2. Proposals how industry can refer and use networks

- Also contact information for industry (also SME) interested in pediatric trials (database)
- Collaboration disease vs general paed vs national networks
- Clearer benefits for participating physicians
