

EUROPEAN MEDICINES AGENCY
SCIENCE MEDICINES HEALTH

Conclusions

Presented by: Isabelle Moulon
Head of Public Engagement Department
Stakeholders and Communication Division

Post-training...

When will I be contacted for my input into:

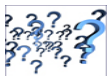

- Scientific Advice
- Document Review
- Expert input in a committee consultation?

It is not always possible to predict when a medicine will be developed for your disease area of interest, however, your name is in our database and you can keep up to date using various means...

How else can I be involved?

- [Register](#) as a Patient Expert
- EMA website – www.ema.europa.eu
- [Patients and Carers](#) page
- [Patients and Consumers](#) webpages
- Human Medicines Highlights (HMH) newsletter
- Follow EMA on Twitter (@EMA_News)
- Subscribe to particular alerts using the RSS feeds
- YouTube is also available for recordings of meetings
- AskEMA or the Q&A section for any specific queries

Feedback

Following this meeting, we will send you a short online questionnaire and would very much appreciate your comments and suggestions on this training day.

Your feedback will help us to continually improve our training...

Thank you for your attention
