Post-training...

When will I be contacted for my input into:

- Scientific Advice
- Document Review
- Expert input in a committee consultation?

It is not always possible to predict when a medicine will be developed for your disease area of interest, however, your name is in our database and you can keep up to date using various means...

How else can I be involved?

- EMA website – www.ema.europa.eu

- [Patients and Carers](#) page

- [Patients and Consumers](#) webpages

- Human Medicines Highlights (HMH) newsletter

- Follow EMA on Twitter (@EMA_News)

- Subscribe to particular alerts using the RSS feeds

- YouTube is also available for recordings of meetings

- AskEMA or the Q&A section for any specific queries
