ESVAC 2014 Report. Interactive Database

ESVAC Stakeholders meeting 2016

Presented by Kristine Ignate on 2 March 2016
European Medicines Agency/ ESVAC

An agency of the European Union

ESVAC 6th report

- 2014 data report layout similar as per previous report
- Data received from 29 European countries
 - ❑ Croatia, Romania, Switzerland has joined the ESVAC network
- Publication of the ESVAC 6th report – October 2016

Minor adjustments of the 6th ESVAC report

Additional subsection on ***polymixins*** to be added:

- Topic with very high interest;
- Summary and conclusions for information with colistin sales figures;
- Prepared by expert(s) of ESVAC Sales EAG and/or AMEG.

Business Intelligence

Interactive database – 2011-2013 data available for public access

- graphs and tables can be downloaded (as MS Excel);
- ESVAC team is working on improvements of Interactive Database

2014 data will be accessible at the same time when the 6th report published on EMA web page

The new web based data submission system has been used successfully

Database is certified on the following browsers:

Browser Vendor	Firefox	Google Chrome	Internet Explorer	Safari
Browser Version	3.5+	19+	7.x	4.x
	6+		8.x	5.x
	13+		9.x	
			10.x	
			11.x	

Please report any technical problems to the IT Service Desk:

<https://servicedesk.ema.europa.eu/>

Conclusions

Next 6th ESVAC report to be published in October 2016

New IT tools successfully implemented

Interactive database to be remodelled to make it more user friendly
