# Big Data Stakeholder Implementation Forum: **Objectives**

- Inform on implementation of the HMA-EMA Big Data Task Force priority recommendations.
- Understand stakeholders' perspectives and priorities
- Discuss opportunities for stakeholder collaboration

# Healthcare Data Now!

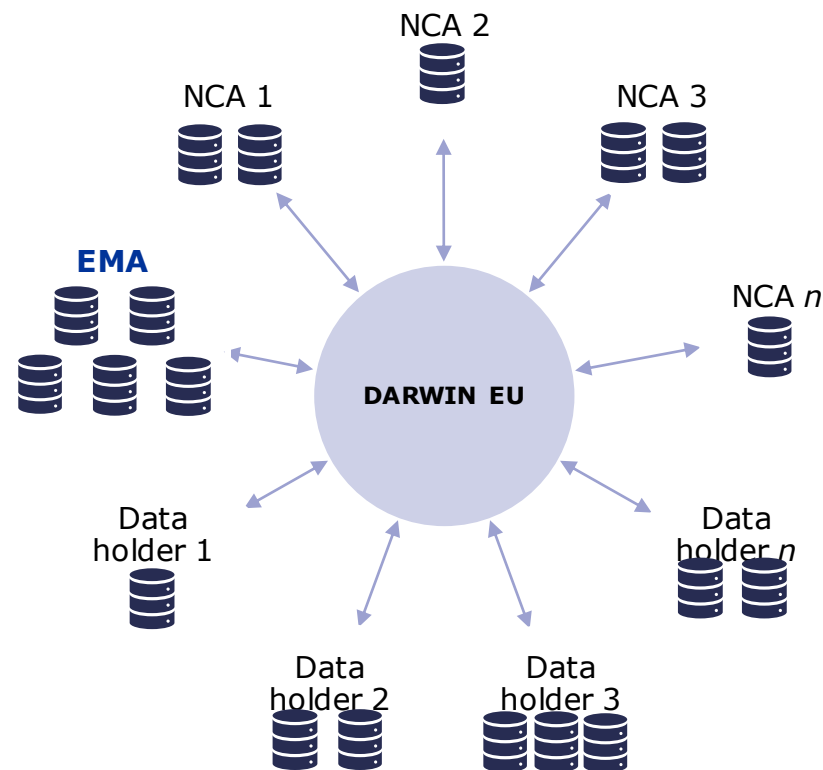

## Vision for Data Driven Medicines Regulation

**“innovate to turn data into  
decisions on medicines that  
create a healthier world”**

- **Distributed network** for fast access and analysis
- **Federated data access**
  - Data stays local and queried remotely
- **Benefits** for medicines regulation, HTA, payers and health systems
- **Direct health benefits** for EU patients as an initiative within the **European Health Data Space**

## Conclusion

Through dialogue and collaboration we can deliver our vision for data-driven medicines regulation and better medicines for EU patients where we **innovate to turn data into decisions on medicines that create a healthier world.**
