BIG-DATA: Structure

- Brief Remarks on European Commission
- Priorities
- Opportunities
- Areas of Collaboration

HELLENIC REPUBLIC National and Kapodistrian University of Athens

European Commission's Term of Big data

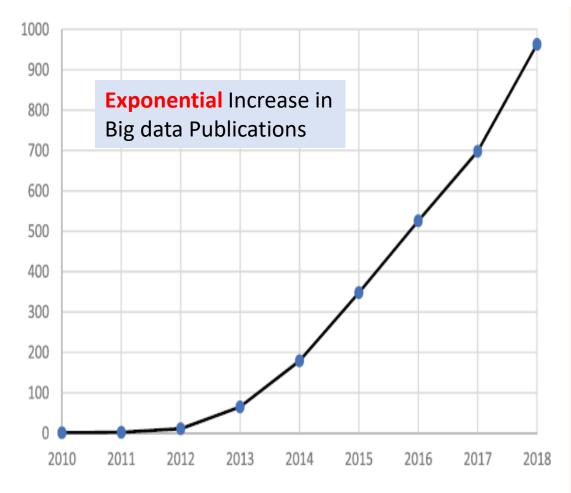

- Big Data in health encompasses
- high volume,
- high **diversity** biological,
- clinical, environmental, and
- lifestyle information collected from
- single individuals (Personalized Medicine) to large cohorts, in relation to their health and wellness status, at one or several time points.

Professor John Yfantopoulos University of Athens
