EU Vet Meds Regulatory Network

- BDSG already counts with the presence of veterinary representation (CVMP & NCA)
- Veterinary division at EMA also has staff working on the issue
- But the Network is a wider structure that provides:
 - Expertise
 - Resources
 - Representability
 - Incentive of stakeholder collaboration and development of the strategy
- Governance structure for vets needs to be defined

Network

Next step: Liaise with HMA

- Head of Medicines Agencies: Network of NCAs
- Adjustments in the Network to integrate Big Data
- Employees profiles
- IT infrastructure
- Agreement on a proposal of an EU Vet Big Data Strategy (by the end of 2021)

Network

Big Data skills in the Network

- Survey launched in 2021 by BDSG
- 250 responses from vet domain
- Low level of proficiency (BD, study design and data analytics)
- Identification of training needs
- Identification of field interests

**Data
literacy**

Next step: Improvement of data skills

- Define the training curriculum
- Liaise with EU-NTC to reach all NCAs
- Possible thematic workshops with NCAs and stakeholders

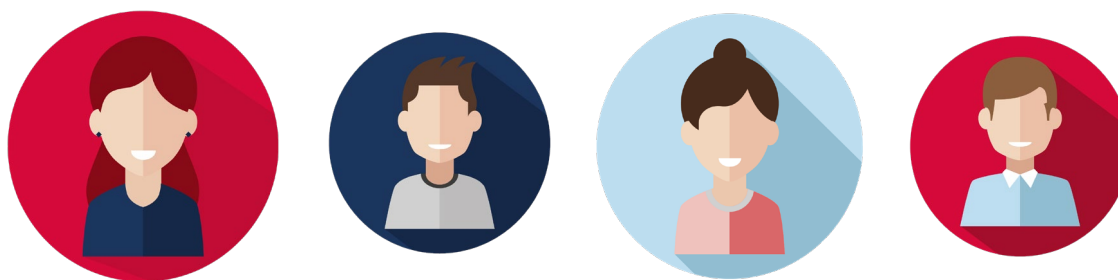

**Data
literacy**

Next step: Data collection

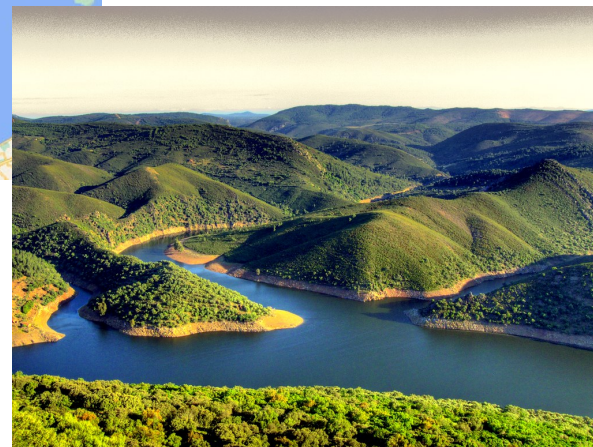

- Implementation of the new databases UPD, EVVet
- Establish Vet-Hub:
 - Draw data landscape
 - Progress on data standardisation and metadata
 - Define business cases

**Data
strategy**
