Drug
efficacy

Drug
Safety

New
upcoming
treatments

Clinical
trials

Guidelines

Guidelines

Guidelines

Information(s) to disseminate

1. What is EMA?

2. What are EMA's missions?

3. What information to disseminate?

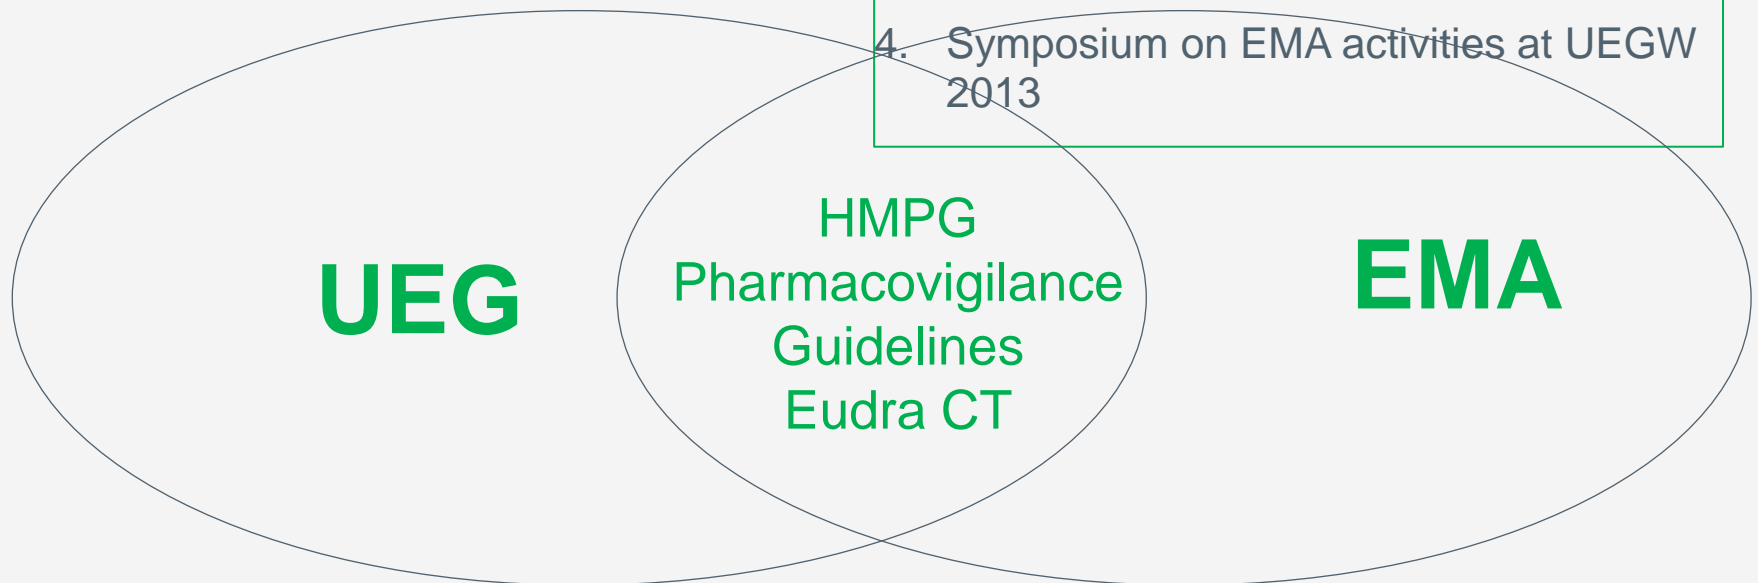

1. Establishing a relationship between EMA and UEG

1. Participation in the HCPWG

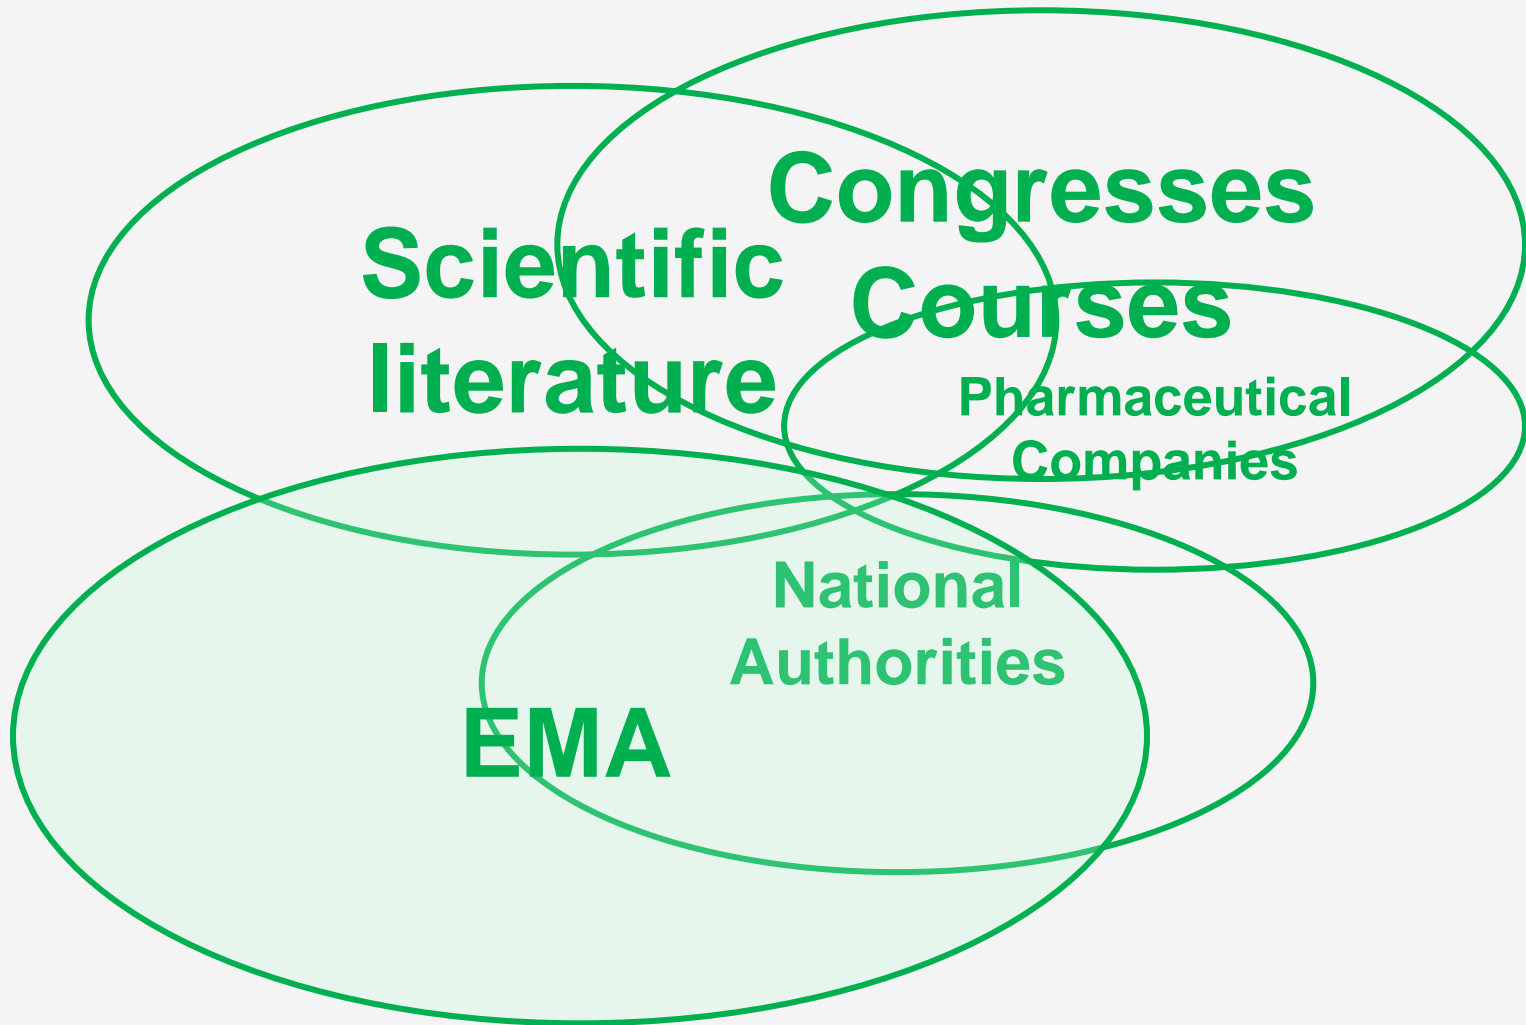

2. Preliminary meeting of PAC with EMA representative UEGW 2011

3. Meeting with Gastroenterology group of EMA UEGW 2012

4. Symposium on EMA activities at UEGW 2013

Sources of information used by the UEG Members

Next steps

- **Symposia at UEGW and teaching events**
- **Internet links on the website**
- **Dissemination of guidelines**
- **Data mining for putting emphasis on relevant information**
- **Specific working parties when needed**

Conclusion

- **Dissemination of information is an ongoing process shared by EMA and UEG**
- **Information must be proactively distributed**
- **Communicate about the originality and the quality of distributed information**
