2.3 Monitoring and mitigating shortages of critical medical devices in the context of a public health emergency

Industry Standing Group (ISG) meeting, 23 November 2023

Update on activities in Q4 2023 on CMDS

- The development of the Critical Medical Devices Shortages (CMDS) reporting system was finalised in July 2023;
- The user test with NCAs was completed in September 2023. Relevant feedback was received and taken into consideration to further improve CMDS;
- Further improvements of the webform for Economic Operators are being performed;
- Further improvements in the data analytics functionality of CMDS were implemented and demo is planned as part of the Q4 2023 public system demo.
