

# New ways of accessing CTIS training environment

Single sign on (SSO)

Ornela Ademi

European Medicines Agency

# What is changing?

## What will change

- Access to the CTIS Training Environment will be **opened more broadly**.
- Existing users will **no longer access the current Training Environment** with the existing accounts.
- **Current data** in the Training Environment will be **wiped** and will **no longer be accessible**.
- The **new Safety Module** will be **integrated** in the Training Environment.

# When will this happen?

The changes are expected **by the end of July 2026.**

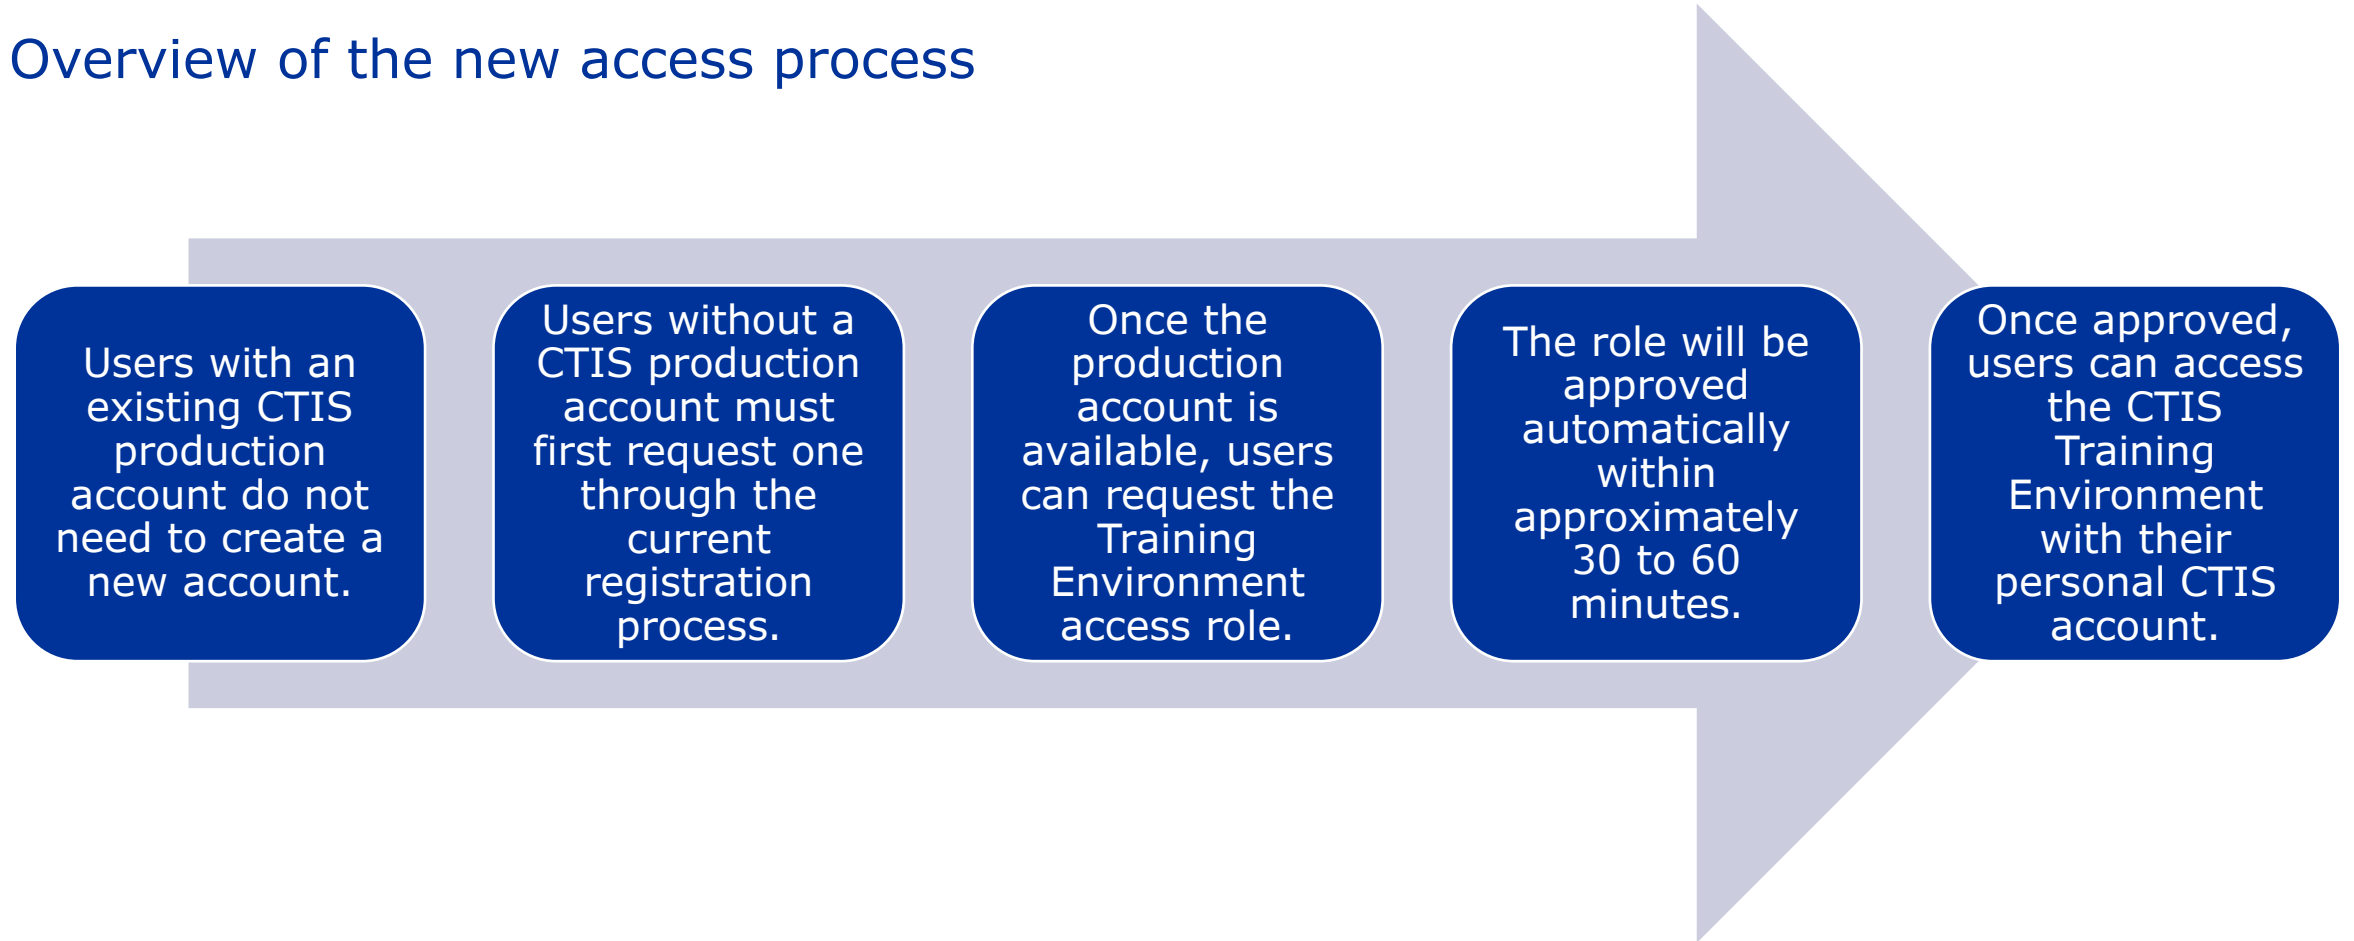

Will be aligned with the **introduction** of the Safety Module in the CTIS Training Environment.

Detailed guidance will be made **available before** the **changes** are **implemented.**

# How will users get access?

## Overview of the new access process
