

***Working group to address issues
with EU multi-languages of Young
patient advisory groups***

Working group volunteers: **Pamela Dicks,
Anne Junker, Winnie Chan, Charles
Thompson, Jenny Preston, Rafał
Świerzewski, Adamos Hadjipanayis**

Four main groups of existing YPAGs are found in the UK and North America. These leading youth advisory groups include:

- [Children's Specialty Young Persons Advisory Group of the Medicines for Children Research Network \(MCRN\)](#) in the UK
- [Young Persons Group of the Scottish Children's Research Network \(ScotCRN\)](#) in Scotland
- [KidsCan Youth Advisory Group](#) of the Child & Family Research Institute (CFRI) in Canada
- [Kids and Families Impacting Disease Through Science \(KIDS\)](#) of the American Academy of Pediatrics (AAP) in the USA

Together, they form the [International Children's Advisory Network \(iCAN\)](#), a global consortium of children's advisory groups.
