

London, 11 November 1999
EMA/CVMP/778/99

PRESS RELEASE
COMMITTEE FOR VETERINARY MEDICINAL PRODUCTS
49th MEETING

Under the Chairmanship of Professor R. Kroger the forty-ninth meeting of the Committee for Veterinary Medicinal Products took place in London on 9 - 11 November 1999.

CVMP Opinions

- The Committee adopted a unanimous positive Opinion and CVMP assessment report for a vaccine falling under Part A of the Annex to Council Regulation (EEC) No. 2309/93 and indicated for Infectious Bovine Rhinotracheitis in cattle.
- The Committee also adopted unanimous positive Opinions and CVMP assessment reports for two extensions to a product authorised under the Centralised Procedure under Part B of the Annex to Council Regulation (EEC) No. 2309/93 and indicated for the alleviation of inflammation and pain in musculo-skeletal disorders in dogs.
- The Committee adopted an opinion and assessment report for a Type I variation for Fevaxyn Pentofel.
- The Committee adopted an Opinion for an extension of MRLs for an existing substance to a further tissue and to a further target species.
- The Committee considered appeals in respect of MRL Opinions for 2 substances, neither of which was successful.

	Opinions delivered since 1.1.1995	Applications under evaluation	Applications anticipated within the next 4 months
Centralised procedures	22	15	6
New MRL procedures*	73**	4	6

* Applications submitted to the EMEA after 1.1.1995

** including 11 Opinions recommending definitive MRLs for substances with previously provisional MRLs

Availability of Medicines

The Committee adopted a recommendation to include thiopental sodium in Annex II of Council Regulation (EEC) No 2377/90; this substance having been identified previously as essential (see CVMP Position Papers on Availability of Veterinary Medicines EMEA/CVMP 151/99-FINAL and EMEA/CVMP/731/99) and for which further data in the public domain had become available.

The next meeting of the CVMP will be held on 7 –9 December 1999.

Peter G.H. Jones
Head, Veterinary Medicines Evaluation Unit
